Date: Monday, February 09, 2015 3:24:37 PM

I am writing regarding Pieridae Energy's LNG export proposal using the M & N pipeline. Please do not approve this request for the following reasons:

- The amount of time allowed for comment on this proposal has not been sufficient.
- Exporting natural gas is not in our best interest as it reduces our supply and raises prices due to the higher markets outside the U.S.

Please do not approve at this time and extend the period for public review and comment.

John Tremblay
