WAC 197-11-510 Public notice.

[Agency filings affecting this section](#)

(1) When these rules require notice to be given under this section, the lead agency must use reasonable methods to inform the public and other agencies that an environmental document is being prepared or is available and that public hearing(s), if any, will be held. The agency may use its existing notice procedures.

Examples of reasonable methods to inform the public are:

- (a) Posting the property, for site-specific proposals;
- (b) Publishing notice in a newspaper of general circulation in the county, city, or general area where the proposal is located;
- (c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;
- (d) Notifying the news media;
- (e) Placing notices in appropriate regional, neighborhood, ethnic, or trade journals;
- (f) Publishing notice in agency newsletters and/or sending notice to agency mailing lists (either general lists or lists for specific proposals or subject areas); and/or
- (g) Mailing or e-mailing notice to any person, group or agency who has requested notice.

(2) Each agency shall specify its method of public notice in its SEPA procedures, WAC [197-11-904](#) and [197-11-906](#). If an agency does not specify its method of public notice or does not adopt SEPA procedures, the agency shall use methods (a) and (b) in subsection (1).

(3) Documents which are required to be sent to the department of ecology under these rules will be published in the SEPA register, which will also constitute a form of public notice. However, publication in the SEPA register shall not, in itself, meet compliance with this section.
