We are writing you regarding the Non-NEPA Section 1222 review for Clean Line Energy Partners, LLC's proposed Plains and Eastern HVDC line. We live on Dutton Mountain in Center Ridge, AR 72027. My mother and I live on a 300 acre farm. We currently have 3 high-pressured gas pipelines, of which one has just been approved for volatile jet fuel. There is not one place on our 300 acres that we can build a home place for our grandchildren. We have easement overload!!! We will not agree to have an unnecessary transmission line condemn any more of our land. Arkansans will not benefit from this line and certainly not the landowners. I speak for my mother and I and for my neighbors who do not have a computer or internet access.

Thank you,
