Subject: section 1222
Date: Monday, July 13, 2015 9:03:31 PM

Dear Sir:

I am writing to request that section 1222 of 2005 Energy Policy Act not be approve for Plains and Eastern. As a veteran who fought to protect our great county, I want to protect the state's authority of our property rights.

Eminent Domain is serious and can wreck the livelihood and heritage of landowners. In fact, I live on the farm my grandfather settled in 1873. I urge the Department of Energy to respect state's authority and do not initiate something as un-American as section 1222.

Thank you for your time.

Respectfully,

M. Dale Morgan
