The following is from an article in response to the Missouri PSC denying Clean Line's Grain Belt Express. GBE and Plains and Eastern closely mirror one another and the comment adequately applies to both.

**"The commission says the GBE failed to prove a need for the project, failed to prove it was economically feasible and failed to prove it promoted public interest."**

Just like it's sister project GBE, Plains and Eastern does not meet the requirements of Section 1222 and should be immediately DENIED!
