DEPARTMENT OF ENERGY  
[FE Docket No. 15–38–LNG]  

Floridian Natural Gas Storage Company, LLC; Application for Long-Term, Multi-Contract Authorization To Export Liquefied Natural Gas to Non-Free Trade Agreement Nations for a 20-Year Period  

AGENCY: Office of Fossil Energy, DOE.  

ACTION: Notice of application.  

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of receipt of an application (Application), filed on February 24, 2015, by Floridian Natural Gas Storage Company, LLC (Floridian), requesting long-term, multi-contract authorization to export domestically produced liquefied natural gas (LNG) produced from domestic sources at its proposed liquefaction and storage facility to be constructed and operated in Martin County, Florida (Floridian Facility). Floridian requests authorization to export this LNG to any country with which trade is not prohibited by U.S. law or policy (non-FTA countries). Floridian seeks to export the LNG in a volume equivalent to approximately 14.6 billion cubic feet per year (Bcf/yr) of natural gas (0.04 Bcf per day (Bcf/d)), less the portion of that volume that may be under firm contract directly or indirectly to Carib Energy (USA) LLC (Carib). According to Floridian, the LNG will be delivered to its customers in approved ISO IMO7/TVA–ASME LNG (ISO) containers. Floridian’s customers (or their customers) will take delivery of the ISO containers, which the customers will transport via truck to the ports which will be the points of export (including the Port of Palm Beach, Port Everglades, Port of Miami, Port Canaveral, Port of Tampa, Port Manatee, and Port of Jacksonville, Florida). Upon arrival by truck at the point of export, the ISO containers will be loaded onto ocean-going marine vessels for transport to the destination countries. Floridian requests the authorization for a 20-year term to commence on the earlier of the date of first export or five years from the date the authorization is granted. Floridian seeks to export this LNG on its own behalf and as agent for other entities who hold title to the LNG at the time of export. The Application was filed under section 3 of the Natural Gas Act (NGA). Additional details can be found in Floridian’s Application, posted on the DOE/FE Web site at: http://www.energy.gov/fe/downloads/floridian-natural-gas-storage-company-llc-fe-dkt-no-15-38-lng.

Protests, motions to intervene, notices of intervention, and written comments are invited.  

DATES: Protests, motions to intervene or notices of intervention, as applicable, requests for additional procedures, and written comments are to be filed using procedures detailed in the Public Comment Procedures section no later than 4:30 p.m., Eastern time, October 5, 2015.  

ADDRESSES: Electronic Filing by email: fergas@hq.doe.gov.  

Regular Mail  

U.S. Department of Energy (FE–34), Office of Oil and Gas Global Security and Supply, Office of Fossil Energy,  

must include a reference to FE Docket No. 15–67–LNG. Please Note: If submitting a filing via email, please include all related documents and attachments [e.g., exhibits] in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner. Any hardcopy filing submitted greater in length than 50 pages must also include, at the time of the filing, a digital copy on disk of the entire submission.

A decisional record on the Application will be developed through responses to this notice by parties, including the parties’ written comments and replies thereto. Additional procedures will be used as necessary to achieve a complete understanding of the facts and issues. If an additional procedure is scheduled, notice will be provided to all parties. If no party requests additional procedures, a final Opinion and Order may be issued based on the official record, including the Application and responses filed by parties pursuant to this notice, in accordance with 10 CFR 590.316.

The Application is available for inspection and copying in the Division of Natural Gas Regulatory Activities docket room, Room 3E–042, 1000 Independence Avenue SW., Washington, DC 20585. The docket room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays. The Application and any filed protests, motions to intervene or notice of interventions, and comments will also be available electronically by going to the following DOE/FE Web address: http://www.fe.doe.gov/programs/gasregulation/index.html.

Issued in Washington, DC, on July 31, 2015.

John A. Anderson,  
Director, Office of Oil and Gas Global Security and Supply, Office of Oil and Natural Gas.

BILLING CODE 6450–01–P
The Application will be reviewed pursuant to section 3(a) of the NGA, 15 U.S.C. 717b(a), and DOE will consider any issues required by law or policy. To the extent determined to be relevant, these issues will include the domestic need for the natural gas proposed to be exported, the adequacy of domestic natural gas supply, U.S. energy security, and the cumulative impact of the requested authorization and any other LNG export application(s) previously approved on domestic natural gas supply and demand fundamentals. DOE may also consider other factors bearing on the public interest, including the impact of the proposed exports on the U.S. economy (including GDP, consumers, and industry), job creation, the U.S. balance of trade, and international considerations; and whether the authorization is consistent with DOE’s policy of promoting competition in the marketplace by allowing commercial parties to freely negotiate their own trade arrangements. Additionally, DOE will consider the following environmental document: Addendum to Environmental Review Documents Concerning Exports of Natural Gas From the United States, 79 FR 48132 (Aug. 15, 2014). Parties that may oppose this Application should address these issues in their comments and/or protests, as well as other issues deemed relevant to the Application.

The Application is available for inspection and copying in the Division of Natural Gas Regulatory Activities docket room, Room 3E–042, 1000 Independence Avenue SW., Washington, DC 20585. The docket room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays. The Application and any filed protests, motions to intervene or notice of interventions, and comments will also be available electronically by going to the following DOE/FE Web address: http://www.fe.doe.gov/programs/gasregulation/index.html.

Issued in Washington, DC, on July 31, 2015.

[FE Docket No. 15–90–LNG]

Cameron LNG, LLC; Application for Long-Term, Multi-Contract Authorization To Export Liquefied Natural Gas to Non-Free Trade Agreement Nations for a Period of 20 Years

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of receipt of an application (Application), filed on May 28, 2015, by Cameron LNG, LLC (Cameron LNG), requesting long-term, multi-contract authorization to export domestically produced liquefied natural gas (LNG) in a volume equivalent to approximately 515 billion cubic feet per year (Bcf/yr) of natural gas (1.41 Bcf/day). Cameron LNG seeks authorization to export the LNG by vessel from the existing Cameron LNG Terminal (Cameron
