

Comment received during the Department of Energy's
INTEGRATED INTERAGENCY PRE-APPLICATION (IIP) NOTICE OF
PROPOSED RULEMAKING PUBLIC WORKSHOP on March 22, 2016

From Tom Tiernan of PennWell:

"MR. TIERNAN: Yes. Thanks. I'm a reporter with Trade Press. I just wanted to clarify that. But I do have a question on timing of the final rule. I don't know if that's -- I didn't see anything on that. I'm just curious of what's common on the NOPR, if there's any kind of expected time frame on when a final rule might come out."
