Subject: RESPONSE TO RFI ON PRIVATE INITIATIVES TO DEVELOP CONSOLIDATED SNF STORAGE FACILITIES

RE DOE REQUEST:

FIRST, IF YOU WERE SERIOUS ABOUT PROTECTING THE PUBLIC FROM THE DANGERS OF NUCLEAR WASTE, YOU WOULD **STOP MAKING IT** UNTIL - OR IF - THERE IS A VIABLE, SAFE SOLUTION. ALSO CONSIDER THE LIKELIHOOD THAT SUCH A SOLUTION SIMPLY DOES NOT EXIST. AT LEAST THE PUBLIC WOULD KNOW THAT YOU ARE BEING TRANSPARENT ABOUT THE DANGERS TO LIFE, HOME, AIR AND WATER QUALITY, SAFE HABITATS FOR HUMANS AND ANIMAL LIFE. DURING MY LIFETIME, THERE HAVE BEEN THREE MAJOR NUCLEAR ACCIDENTS - AND MULTITUDES OF NEAR MISSES. CLEARLY, NO ONE HAS A HANDLE ON THIS - AND THE PROMOTION OF EITHER LONG-TERM NUCLEAR WASTE SITES OR SO-CALLED "INTERIM WASTE SITES (THAT MAY, IN REALITY BECOME PERMANENT) IS FICTION, AND DISHONEST.

STOP USING THE NOTION OF "JOBS" IN SELLING YOUR PLAN. LIVES ARE AT STAKE HERE AS WELL AS FINANCIAL RUIN FOR INDIVIDUALS & FAMILIES. THANKS TO THE PRICE ANDERSON ACT, YOU AND CONGRESS PROTECT THOSE RESPONSIBLE AND PUNISH EVERYONE WHOSE HOMEOWNERS INSURANCE WILL NOT COVER RADIOLOGICAL DISASTER.

YOU WILL BE PUTTING AT RISK EVERYONE LIVING ALONG TRANSPORT ROUTES. YOU WILL BE PUTTING AT RISK ALL STATES SUCH AS MINE, ILLINOIS, THAT RELY HEAVILY ON AGRICULTURE ...TAINTED PRODUCTS!
THE FEDERAL GOVT NEEDS TO TAKE CARE OF THIS - OF THE PUBLIC.

DOE AND THE NRC HAVE NOT DONE THEIR JOBS - THEY OBFUSCATE THEIR RESPONSIBILITIES TO THE PUBLIC - WHOSE MONIES ARE USED FOR SUBSIDIES, BAILOUTS AND CLEANUP. WE DESERVE A THIRD PARTY ENTITY THAT IS NOT TIED TO THE NUCLEAR POWER INDUSTRY. CAMPAIGN CONTRIBUTIONS TO OUR ELECTED OFFICIALS SHOULD BE BANNED ON THIS SUBJECT.

THE MORE I LEARN, THE MORE I DISTRUST THE AGENCIES AND GOVERNMENT PROMOTING NUCLEAR POWER.
