Comment:	Re: Response to RFI on Private Initiatives to Develop Consolidated SNF Storage Facilities I understand that your initial motive is to make money at the expense and risk of the world. Taking the profit and dumping the inevitable hazards onto the public is nothing new. This whole matter is so much like "death from a thousand cuts". Why not propose the most efficient way of dealing with a world population that resists your attempt at accumulating everything of any worth? Just NUKE THE PLANET! *
