Comment:	My husband and I write to you as concerned citizens because we strongly oppose "Private Initiatives" for high level radioactive waste "Interim Storage Facilities". Our major reasons are expressed by the EXCELLENT comments made by two EXPERTS cited in the following two paragraphs. As Diane D'Arrigo, radioactive waste project director at Nuclear Information and Resource Service, has said, "Moving irradiated nuclear fuel over roads, rails, and waterways to a supposedly temporary site puts us all at risk and creates only the illusion of a solution." And as Karen Hadden, executive director of the Texas-based SEED (Sustainable Energy &
-----------------	---

Economic Development) Coalition, has said, "Due to risks of radioactive contamination from leaks or accidents or potential terrorist actions, nuclear waste should only be moved once, and only when a deep underground permanent repository is in place that could safely isolate the dangerous waste for the million years [see immediately below] that it will remain hazardous." (see the press release) PLEASE TAKE THE RIGHT, FAIR, JUST, HUMANE AND HEALTHY ACTION AND OPPOSE "PRIVATE INITIATIVES" FOR HIGH LEVEL RADIOACTIVE WASTE "INTERIM STORAGE FACILITIES. *🌐
