

EERE Postdoctoral Research Awards Letter of Support from Research Mentor

Deadline:

May 31, 2017

This form is to be sent directly to the applicant to upload into Zintellect as part of the application.

Detailed information about the Research Awards and eligibility requirements available at:

<http://energy.gov/eere/education/eere-postdoctoral-research-awards>

Mentor Curriculum Vitae (CV):

Mentor's Curriculum Vitae is to be sent directly to the applicant to upload with the Letter of Support into Zintellect as part of the application.

For more information about Zintellect, please visit www.zintellect.com

CORE RESEARCH PROJECT

Comment on the relevance of the proposed research to you current research work and the EERE topic selected by the applicant. (*Maximum 1-page*)

If specialized equipment or facilities are needed for the proposed research, please address the availability of these at your organization. (*Maximum 1-page*)

INNOVATION RESEARCH PROJECT

Does the applicant have interesting ideas on how to spend the 20% innovation time (e.g. shows breadth in interests, interdisciplinary approaches, interest in commercialization of discoveries, and/or entrepreneurial spirit)? *(Maximum 1-page)*

TRAINING PLAN

In addition to providing training related to specific research project, comment on the other possible training activities that may be available to the applicant at your facility/organization. *Training activities may include but not limited to preparation of grant proposals, publications and presentations; development of teaching and mentoring skills; and guidance on career counseling and responsible professional practices. Note that the availability of additional training opportunities may be considered as part of the review process of the submitted application. (Maximum 1-page)*
