**Re: Nogales Transmission, L.L.C. - Nogales Interconnection  
Project – PP 420**

Dear Mr. Lawrence:

This letter is provided to supplement the April 17, 2016, Nogales Interconnection Presidential Permit Application to reflect a slight shift in the proposed border crossing coordinates. To accommodate stakeholder concerns Nogales Transmission has adjusted the proposed route of the 230 kV transmission line to the international border by approximately 25 feet. Consequently, the border crossing coordinates reflected in the April 17 letter have been slightly adjusted:

- Coordinates included in the application: 31° 19' 57.844" N, 110° 58' 35.908" W
- Adjusted coordinates: 31° 19' 57.846" N, 110° 58' 35.620" W

Please do not hesitate to contact me with if you need additional information.

Very truly yours,

James M. Bushee  
*Attorney for Nogales Transmission, L.L.C.  
and Nogales Frontier Operations, L.L.C.*
