EXPLANATION OF SIGNIFICANT DIFFERENCE REGARDING PIT 9

INTRODUCTION

The Board received a presentation from DOE-ID regarding the status of Pit 9 and the proposed path forward for ensuring compliance with WAG 7 documentation during its November 18-19, 1997 meeting. The following is submitted as a recommendation based on this information.

RECOMMENDATION

The Board recommends that, at a minimum, DOE issue an Explanation of Significant Difference as soon as possible identifying the status of the Pit 9 project, including the dual path forward, funding issues, and schedule implications.
