Amendment to
Order Authorizing Electricity Exports to Mexico

Order No. EA-386-A

May 3, 2017
ENGIE Energy Marketing NA, Inc.

Order No. EA-386-A
Authorizing Electricity Exports to Mexico

I. BACKGROUND

The Department of Energy (the Department or DOE) regulates electricity exports from the United States to foreign countries in accordance with the Federal Power Act (FPA) § 202(e) (16 U.S.C. § 824a(e)) and regulations thereunder (10 C.F.R. §§ 205.300 et seq.). This authority was transferred to DOE under §§ 301(b) and 402(f) of the DOE Organization Act (42 U.S.C. §§ 7151(b), 7172(f)).

A. Procedural History

On April 6, 2017, DOE was notified that, effective March 1, 2017, IPR-GDF SUEZ Energy Marketing North America, Inc., had changed its name to ENGIE Energy Marketing NA, Inc., and requested that it be authorized to export under its new name.

II. FINDINGS AND DECISION

DOE finds that the action requested by the renamed ENGIE Energy Marketing NA, Inc., would have no effect on DOE’s sufficiency of supply and electric reliability determinations contained in Docket No. EA-386.

Similarly, DOE finds that it has adequately satisfied its responsibility under the National Environment Policy Act of 1969 through the documentation of a categorical exclusion in Docket No. EA-386.
ORDER

Accordingly, pursuant to FPA § 202(e) and the Rules and Regulations issued thereunder (10 C.F.R. §§ 205.300-309), the electricity export authorization issued to IPR-GDF SUEZ Energy Marketing North America, Inc., on March 27, 2013, in Order EA-386, is hereby amended by changing the name of the authorized exporter to ENGIE Energy Marketing NA, Inc.

All other terms and conditions of Order No. EA-386 remain unchanged.

Issued in Washington, D.C., on May 3, 2017.
