OE Docket No. EA-410-A

Amendment to
Order Authorizing Electricity Exports to Canada

Order No. EA-410-A

May 3, 2017

CWP Energy, Inc.

Order No. EA-410-A Authorizing Electricity Exports to Canada

I. BACKGROUND

The Department of Energy (the Department or DOE) regulates electricity exports from the United States to foreign countries in accordance with the Federal Power Act (FPA) § 202(e) (16 U.S.C. § 824a(e)) and regulations thereunder (10 C.F.R. §§ 205.300 *et seq.*). This authority was transferred to DOE under §§ 301(b) and 402(f) of the DOE Organization Act (42 U.S.C. §§ 7151(b), 7172(f)).

A. Procedural History

On June 23, 2015, DOE issued Order No. EA-410 to CWP Energy authorizing electricity exports to Canada for a five-year period, effective on June 23, 2015. That Order will expire on June 23, 2020.

On April 4, 2017, DOE was notified that, effective March 21, 2017, CWP Energy, had changed its name to CWP Energy, Inc., and requested that it be authorized to export under its new name.

II. FINDINGS AND DECISION

DOE finds that the action requested by the renamed CWP Energy, Inc., would have no effect on DOE's sufficiency of supply and electric reliability determinations contained in Docket No. EA-410.

Similarly, DOE finds that it has adequately satisfied its responsibility under the National Environment Policy Act of 1969 through the documentation of a categorical exclusion in Docket No. EA-410.

ORDER

Accordingly, pursuant to FPA § 202(e) and the Rules and Regulations issued thereunder (10 C.F.R. §§ 205.300-309), the electricity export authorization issued to CWP Energy on June 23, 2015, in Order EA-410, is hereby amended by changing the name of the authorized exporter to CWP Energy, Inc.

All other terms and conditions of Order No. EA-410 remain unchanged.

Issued in Washington, D.C., on May 3, 2017.
