Subject: Fw: PUBLIC COMMENT ON FEDERAL REGISTER AMERICAN ENERGY SHOUDL STAY IN USA -STOP LETTING RICH WHITE MEN MAKE BOODLE BY DESTROYING OUR LAND AND THEN SENDING ENERGY OUT OF THIS COUNTRY

I AM TOTALLY OPPOSED TO DESTROYING THE USA SO THAT RICH WHITE MEN CAN MAKE MASSIVE RICHES BY SENDING OUR ENERGY OUT OF THIS COUNTRY. WHWAT WE DEVELOP BY DESTRUCTION AND MINING AND DRILLING HERE SHOULD BE FOR USA USE ONLY. WE SHOUDL NOT ATTEMPT TO BE SUPPLIER TO THE WORLD. CERTAINLY THE DESTRUCTION CAUSED BY THIS MINING AND DRILLING IS DESTROYING THE USA. WE HAVE MASSIVE NUMBERS OF HAZARDOUS WASTE SITES THAT HAVE NEVER BEEN FIXED, JUST LEF T THERE AS DESTRUCTIVE SITES FOREVER. WHY SHOULD WE MAKE MORE DESTRUCTION AND MORE OF THESE HAZARDOUS SITES SO WE CAN ALLOW A FEW BAST.... TO MAKE BIG MONEY DESTROYING THE LAND THAT WE ALL N EED TO SHARE AND TO LIVE ON. OUR KIDS DESERVE BETTER THAN THIS STUPID, DESTRUCTIVE POLICY. WE MUST SHUT DOWN THIS LNG SELLING TO FOREIGNERS IMMEIDATELY. WE NEED OUR ENERGY FOR OUR OWN COUNTRY. THIS COMMENT IS FOR THE PUBLIC RECORD. PLEASE RECEIPT. JEAN PUBLIEE JEANPUBILC1@GMAIL.COM

[FE Docket No. 18-03-LNG]

Freeport LNG Expansion, L.P., et al.; Application for Blanket Authorization To Export Liquefied Natural Gas to Non-Free Trade Agreement Countries on a Short-Term Basis

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of receipt of an application (Application), filed on January 4, 2018, by Freeport LNG Expansion, L.P., FLNG Liquefaction LLC, FLNG Liquefaction 2, LLC, and FLNG Liquefaction 3, LLC (collectively, FLEX). The Application requests blanket authorization to export domestically produced liquefied natural gas (LNG) in an amount up to the equivalent of 782 billion cubic feet (Bcf) of natural gas on a cumulative basis over a two-year period, commencing on the earlier of the date of first short-term export or September 1, 2018. The LNG would be exported from the Freeport LNG Liquefaction Project (Liquefaction Project), which is currently under construction at the Freeport LNG Terminal on Quintana Island, Texas. FLEX requests authorization to export the LNG to any country with the capacity to import LNG via ocean-going carrier and with which trade is not prohibited by U.S. law or policy, including both countries with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas (FTA countries) and all other countries (non-FTA countries). FLEX seeks to export this LNG both before and after

commercial operations at the Liquefaction Project begin. FLEX requests this authorization on its own behalf and as agent for other entities who hold title to the natural gas at the time of export. Additional details can be found in FLEX's Application, posted on the DOE/FE website at: <https://energy.gov/fe/downloads/freeport-lng-expansion-lp-fe-dkt-no-18-03-lng>.

Protests, motions to intervene, notices of intervention, and written comments are invited.

DATES: Protests, motions to intervene or notices of intervention, as applicable, requests for additional procedures, and written comments are to be filed using procedures detailed in the Public Comment Procedures section no later than 4:30 p.m., Eastern time, March 2, 2018.

SUPPLEMENTARY INFORMATION: FLEX requests a short-term blanket authorization to export LNG produced prior to the start of commercial operations at its Liquefaction Project, as well as after commercial operations begin (as market opportunities arise). FLEX commits that the short-term volumes to be exported under the requested authorization, when added to any volumes exported under FLEX's existing long-term export authorizations, will not exceed the maximum volumes approved under those DOE/FE authorizations in any annual (consecutive 12-month) period.

DOE/FE Evaluation

The portion of the Application seeking authority to export LNG on a short-term basis to non-FTA countries will be reviewed pursuant to section 3(a) of the NGA, 15 U.S.C. 717b(a), and DOE will consider any issues required by law or policy. In reviewing this Application, DOE will consider domestic need for the natural gas, as well as any other issues determined to be appropriate, including whether the arrangement is consistent with DOE's policy of promoting competition in the marketplace by allowing commercial parties to freely negotiate their own trade arrangements. As part of this analysis, DOE will consider the following two studies examining the cumulative impacts of exporting domestically produced LNG:

Effect of Increased Levels of Liquefied Natural Gas on U.S. Energy Markets, conducted by the U.S. Energy Information Administration upon DOE's request (2014 EIA LNG Export Study); \1\ and

or protests, as well as other issues deemed relevant to the Application.

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 et seq., requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. FLEX states that no new construction or changes to the Liquefaction Project facilities will be required for the short-term exports requested in the Application. No final decision will be issued in this proceeding until DOE has met its environmental responsibilities.

Interested persons will be provided 30 days from the date of publication of this Notice in which to submit comments, protests, motions to intervene, notices of intervention, or motions for additional procedures.

Public Comment Procedures

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable. Interested parties will be provided 30 days from the date of publication of this Notice in which to submit comments, protests, motions to intervene, or notices of intervention.

Any person wishing to become a party to the proceeding must file a motion to intervene or notice of intervention. The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to the proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by the regulations in 10 CFR part 590.

Filings may be submitted using one of the following methods: (1) Emailing the filing to fergas@hq.doe.gov, with FE Docket No. 18-03-LNG in the title line; (2) mailing an original and three paper copies of the filing to the Office of Regulation and International Engagement at the address listed in ADDRESSES; or (3) hand delivering an original and three paper copies of the filing to the Office of Regulation and International Engagement at the address listed in ADDRESSES. All filings must include a reference to FE Docket No. 18-03-LNG. Please Note: If submitting a filing via email, please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner. Any hardcopy filing submitted greater in length than 50 pages must also include, at the time of the filing, a digital copy on disk of the entire submission.

A decisional record on the Application will be developed through responses to this notice by parties, including the parties' written comments and replies thereto. Additional procedures will be used as necessary to achieve a complete understanding of the facts and issues. If an additional procedure is scheduled, notice will be provided to all parties. If no party requests additional procedures, a final Opinion and Order may be issued based on the official record, including the Application and responses filed by parties pursuant to this notice, in accordance with 10 CFR 590.316.

The Application is available for inspection and copying in the Office of Regulation and International Engagement docket room, Room 3E-042, 1000 Independence Avenue SW, Washington, DC 20585. The docket room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays. The Application and any filed protests, motions to intervene or notice of interventions, and comments will also be available electronically by going to the following DOE/FE Web address: <http://www.fe.doe.gov/programs/gasregulation/index.html>.
