ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT LIQUEFIED NATURAL GAS
FROM AND TO CANADA AND MEXICO BY TRUCK

DOE/FE ORDER NO. 4163

MARCH 12, 2018

I. DESCRIPTION OF REQUEST

On February 21, 2018, Prometheus Energy Group, Inc. (Prometheus Energy Group) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),¹ for blanket authorization to import and export liquefied natural gas (LNG) from and to Canada and Mexico by truck, up to a combined total volume equivalent to 75 billion cubic feet (Bcf) of natural gas. The applicant requests the authorization be granted for a two-year term beginning on April 5, 2018.² Prometheus Energy Group is a Delaware corporation with its principal place of business in Houston, Texas.

II. FINDING

The application has been evaluated to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including LNG, from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports and exports must be granted without modification or delay. The authorization sought by Prometheus Energy Group to import and export LNG from and to Canada and Mexico, nations with which free trade agreements requiring national treatment for trade in natural gas are in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹ Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FE in Redelegation Order No. 00-006.02 issued on November 17, 2014.

² Prometheus Energy Group's blanket authorization to import and export LNG from and to Canada and Mexico by truck, granted in DOE/FE Order No. 3802 on March 17, 2016, extends through April 4, 2018.

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. Prometheus Energy Group is authorized to import and export LNG from and to Canada and Mexico by truck, up to a combined total volume equivalent to 75 Bcf of natural gas, pursuant to transactions that have terms of no longer than two years.
