ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT AND EXPORT LIQUEFIED NATURAL GAS
FROM AND TO CANADA AND MEXICO BY TRUCK

DOE/FE ORDER NO. 4191

MAY 22, 2018

I. DESCRIPTION OF REQUEST

On May 7, 2018, Stabilis Energy Services LLC (Stabilis Energy Services) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to import and export liquefied natural gas (LNG) from and to Canada and Mexico by truck, up to a combined total volume equivalent to 12 billion cubic feet (Bcf) of natural gas. The applicant requests the authorization be granted for a two-year term beginning on July 25, 2018.² Stabilis Energy Services is a Texas limited liability company with its principal place of business in Beaumont, Texas.

II. FINDING

The application has been evaluated to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including LNG, from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports or exports must be granted without modification or delay. The authorization sought by Stabilis Energy Services to import and export LNG from and to Canada and Mexico, nations with which free trade agreements requiring national treatment for trade in natural gas are in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹ The authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. §717b) has been delegated to the Assistant Secretary for FE in Redelegation Order No. 00-006.02 issued on November 17, 2014.

² Stabilis Energy Services' blanket authorization to import and export LNG from and to Canada and Mexico, granted in DOE/FE Order No. 3832 on May 19, 2016, extends through July 24, 2018.

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. Stabilis Energy Services is authorized to import and export LNG from and to Canada and Mexico by truck, up to a combined total volume equivalent to 12 Bcf of natural gas, pursuant to transactions that have terms of no longer than two years.
