MUSKET

Musket Corporation

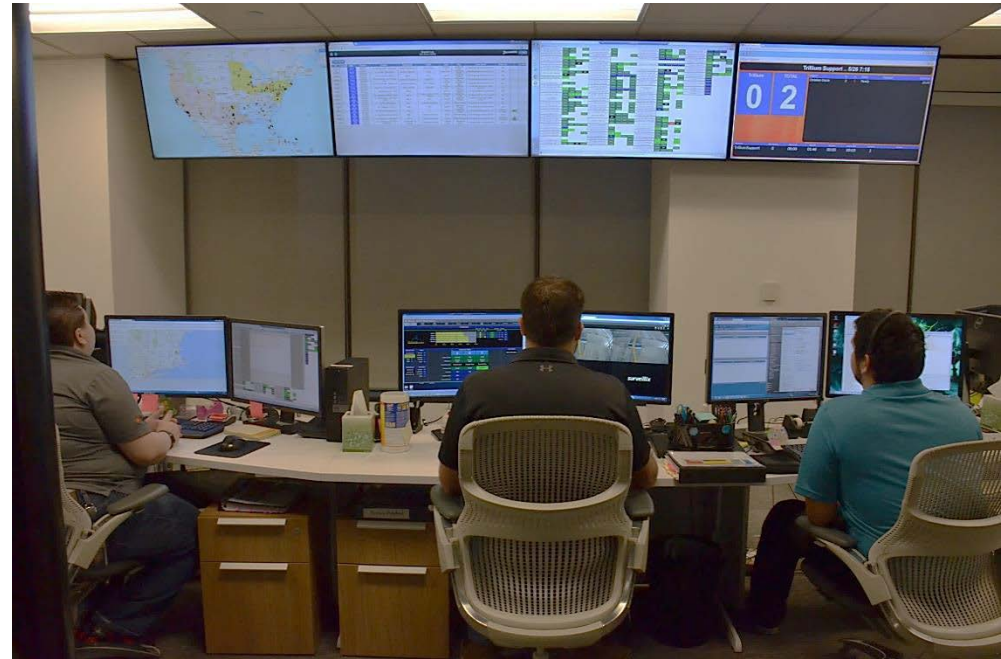

Wholesale fuel supply, trading and logistics

Design and Build Services

- Customized Solutions
- High-Quality Parts and Equipment
- 30% - 40% Faster Fill Times
- Improved Energy Efficiency
- On Time, On Budget

Operation and Maintenance Services

- ~100 Highly Trained Mechanics
- 24/7 Rapid Response Team
- 99.99% Station Up Time

- Customized Preventive Maintenance
- Total Control over O&M Budget
- Client Connect Portal

Synergies with CNG

Trillium/Love's focused on fueling/customer experience

- Large, Heavy Duty Vehicle Fleets
- Fast, Complete Fills
- Flexibility/Customization

Synergies

- High pressure CSD similar between CNG and H2
- Liquid supplied hydrogen similar to LCNG

Benefits and Barriers

Value Proposition

- Zero Emissions at break-even or lower cost

Barriers

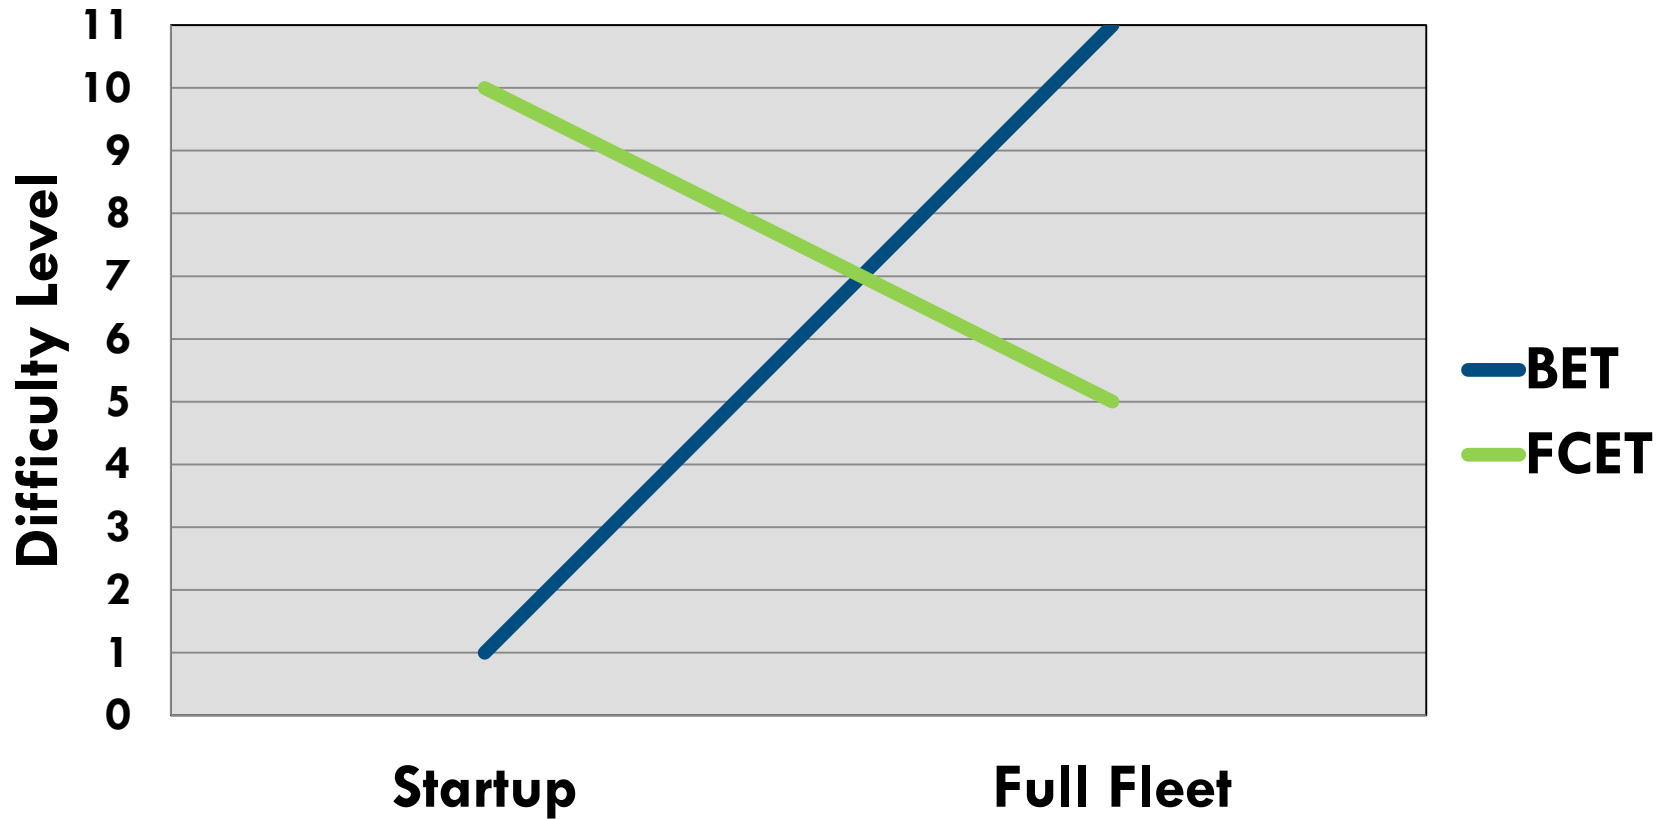

- Cost of Dispensed H2
- Fueling Rate
- Availability
- Space
- Demo

Demo/Startup

Too difficult to start doing FCETs

Ryan Erickson - GM Strategic Development
