

## ***DOE Transportation Management Council***

### **MISSION**

The mission of the Department of Energy (DOE) sponsored Transportation Management Council (TMC) is to provide a forum for the identification, analysis, and resolution of traffic management, transportation operations, and transportation safety, and security issues in support of the DOE complex shipping needs.

TMC promotes DOE complex-wide cooperation, collaboration, and communication in traffic management, transportation operations, and motor carrier safety by:

- ❖ Negotiating National transportation tender rates;
- ❖ Providing access to a large and varied pool of traffic management, transportation operations, and transportation safety professionals with the knowledge and experience to address new and emerging issues;
- ❖ Providing subject matter expert support to DOE's Motor Carrier Evaluation Program (MCEP) and Transportation Compliance Assurance Program (TCAP);
- ❖ Coordinating the sharing of mission related best practices and lessons learned;
- ❖ Conducting regulatory research/ review of traffic management, transportation operations, and motor carrier safety regulatory requirements;
- ❖ Standardizing traffic management & transportation operations metrics;
- ❖ Providing subject matter expert support in addressing training issues and the development of training programs addressing traffic management, transportation operations, motor carrier safety and hazardous materials transportation;
- ❖ Interfacing with, and assisting, other internal and external technical groups such as the Packaging Management Council (PMC), and the Energy Facilities Contractors Group (EFCOG) to better obtain and disseminate information important to the TMC mission;
- ❖ Providing information and data to the TMC portion of the Office of Environmental Management (EM), Office of Packaging and Transportation resource website; and
- ❖ Assisting in the development of transportation plans.

### **MEMBERSHIP**

TMC membership is open to all DOE (including the National Nuclear Security Administration – (NNSA) personnel, programs, and DOE/NNSA contractors involved in traffic management, transportation operations, and transportation safety activities.

Members may be involved in any facet of these transportation activities, including but not limited to program, design, and operations. DOE/NNSA contractors include DOE/NNSA prime contractor personnel, subcontractor personnel, and consultants directly contracted by DOE/NNSA, prime contractors, or their subcontractors.

Membership involves participation in meetings, conference calls and member surveys, as well as specific assigned activities related to various long and short-term working groups.

### **DOE SPONSOR/ADVISOR**

The EM Office of Packaging and Transportation provides sponsorship for the TMC and serves as the Federal advisor.

### **INTERESTED IN JOINING TMC?**

If you are interested in becoming a member of the TMC, or have any questions concerning TMC membership, please send an e-mail to [askpat@hq.doe.gov](mailto:askpat@hq.doe.gov) .

### **INTERESTED IN PARTNERING WITH TMC?**

As mentioned above, the TMC is made up of DOE and NNSA personnel with in-depth knowledge of traffic management, transportation operations, and transportation safety. If you are involved in a professional organization and are interested in partnering with the TMC, please contact the EM Office of Packaging and Transportation at [askpat@hq.doe.gov](mailto:askpat@hq.doe.gov) .
