

FUTURE MISSION AND SUPPORT FOR COMMUNITIES AND CONTRACTORS

FUTURE MISSION FOR IDAHO'S ADVANCED MIXED
WASTE TREATMENT FACILITY

*MAYOR REBECCA CASPER, CITY OF IDAHO FALLS
SEPTEMBER 12, 2018*

ADVANCED MIXED WASTE TREATMENT PLANT (AMWTP)

UNIQUE CAPABILITIES

HIGHLY TRAINED WORKFORCE

**MISSION
POSSIBLE**

FUTURE MISSION

A New Mission – Does NOT Require

- New Technology
- New Workforce
- New Equipment
- New Infrastructure

Could save the taxpayers billions
of dollars

NATIONAL ASSET

THE HARD QUESTIONS

- Does it make sense to moth ball a billion dollar facility and spend more money to rebuild what already exists?
- Can we get the waste to Idaho?
- Is this a cost effective response for the complex and the taxpayer?
- Can we afford to see a highly-trained workforce scattered?

CHALLENGES

- Reclaiming Workforce
- Transporting Waste
- Idaho Settlement Agreement
- WIPP Capacity

NO DECISION IS A DECISION

BEST PRACTICE

DATA DRIVEN APPROACH
