Re: Flint Hills Resources, LP Export Authorizations, DOE/FE Docket No. 15-168-LNG/Order No. 3829/3809¹

Dear Ms. Sweeney:

I am writing to inform you that Flint Hills Resources, LP ("FHR LP") wishes to vacate its LNG export authorizations under Docket No. 15-168-LNG/Order No. 3829/3809.

On May 19, 2017, FHR LP's affiliate FHR LNG, LLC sold its entire equity interest in Stabilis LNG Eagle Ford, LLC and exited the LNG marketing business. FHRLP's export authorization is specifically restricted to LNG produced at the Stabilis LNG Eagle Ford, LLC LNG facility (the "Stabilis Facility"). See Order No. 3829, Page 31, Section X; Order No. 2309, Page 9, Section Order (A). Because FHR LP no longer has ownership in the Stabilis Facility, nor any off-take arrangements with the current owner/operator, FHR lacks supply originating at the Stabilis Facility and consequently has no further ability to utilize the export authorizations contained in Order Nos. 3829/3809. Accordingly, FHR wishes to vacate said export authorizations under Docket No. 15-168-LNG/Order No. 3829/3809.

Please contact me if you have any questions.

Respectfully submitted,

Jeffrey E Evans
Attorney for Flint Hills Resources, LP
