**Draft Supplemental Environmental Impact Statement for Disposition of Depleted Uranium  
Oxide Conversion Product Generation from DOE's Inventory of Depleted Uranium  
Hexafluoride**

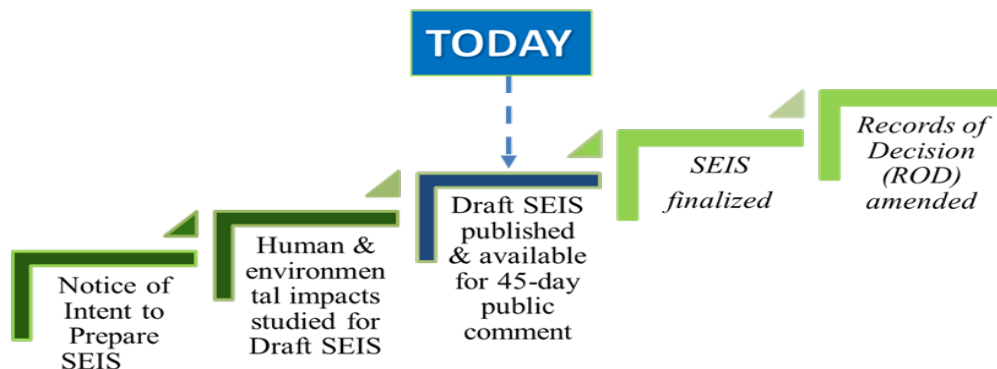

---

## Next Steps for DU Oxide

The Draft Depleted Uranium (DU) Oxide Supplemental Environmental Impact Statement (SEIS) represents the third phase of the environmental review process used to evaluate and implement the depleted uranium hexafluoride (DUF<sub>6</sub>) long-term management program. The Draft DU Oxide SEIS was prepared in accordance with the Council on Environmental Quality and the Department of Energy National Environmental Policy Act (NEPA) implementing regulations at 40 CFR parts 1500-1508 and 10 CFR part 1021, respectively.

The Draft DU Oxide SEIS is available for review and comments. Following the end of the public comment period on the Draft DU Oxide SEIS, DOE will consider public comments in preparing the Final SEIS. DOE will consider late comments to the extent practicable.

After issuing the Final SEIS, DOE will consider the environmental impacts presented in the Final SEIS, along with other appropriate information in its decision related to the disposal of depleted uranium for amending the Records of Decision (ROD).

### Hearing Dates

Tuesday, January 22, 2019  
from 2:00 p.m. (EST) – 4:00  
p.m. (EST)

Wednesday, January 23, 2019  
from 4:00 p.m. (EST) – 6:00  
p.m. (EST)

Thursday, January 24, 2019  
from 7:00 p.m. (EST) – 9:00  
p.m. (EST)

### Join the Hearing

Join web-based public hearing via WebEx Meeting Room:

- [https://doe.webex.com/join/duf6\\_nepa](https://doe.webex.com/join/duf6_nepa) (Copy and Paste into web browser).

Join web-based public hearing by phone:

- US Toll: 1-415-527-5035 (For Global Call-In Numbers visit DU Oxide SEIS website).
- Access code: 988 230 782 #.
