Table I: Subcontract / Procurement Sources for Professional Services & Logistical Support

➤ **SUBCONTRACT GOAL SUBSTANTIATION**

The methods used to develop our subcontract goals for small businesses (including ANCs and Indian tribes), veteran-owned small businesses, service disabled veteran-owned small businesses, HUBZone small businesses, small disadvantaged businesses (including ANCs and Indian tribes), and women-owned small businesses are based on the programmed cost for subcontracted professional services and an estimated amount annually for other direct costs for logistical support. WSI has assumed that this logistics support includes all miscellaneous small purchases and subcontracts which we intend to award to small business, veteran-owned small business, service disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business. These goals do not include indirect costs.

Items that may be required will be competed for, and potential sources will be identified and solicited with strong emphasis placed on small business (including ANCs and Indian tribes), veteran-owned small business, service disabled veteran-owned small business, HUBZone small business, small disadvantaged business (including ANCs and Indian tribes), and women-owned small business. The goals under this plan have been established to ensure all these categories of small businesses have the maximum opportunity to participate.

Bidders' lists will be developed using the following informational resources:

- ❖ SBA's Internet database system
- ❖ Central Contractor Registration database
- ❖ Veterans service organizations
- ❖ Dynamic Small Business database on the Internet
- ❖ Various trade directories
- ❖ National Minority Purchasing Council Vendor Information Service
- ❖ Research and Information Division of the Minority Business Development Agency in the Department of Commerce
- ❖ Trade Associations for small HUBZone, small disadvantaged, and women-owned small business
- ❖ Suggestions and recommendations from the DOE
- ❖ WSI's supplier/contractor information system both at other nationwide contracts and at corporate headquarters

These sources should provide sufficient prospective bidders to achieve the stated goals.

➤ **ADMINISTRATION OF SUBCONTRACTING PLAN**

WSI's Senior Vice President/General Manager, Mr. Randy Garver, selected Ms. Lorri Wright, to serve as the WSI-SRS Small Business Administrator Liaison Officer (SBALO) to execute the Small Business Program and ensure that we identify meaningful opportunities for small business participation early in the program. In the performance of his responsibilities under this plan, Ms. Wright will be responsible for ensuring that source lists of small businesses, veteran-owned small businesses, service disabled veteran-owned small businesses, HUBZone small businesses, small disadvantaged businesses, and

women-owned small businesses are maintained; seeking out additional sources when the number of protective sources is not adequate; advising other WSI personnel of the purposes of this program and ensuring adequate support by all concerned; keeping all records necessary to show WSI's performance vis-à-vis the goals established herein; providing periodic reports to senior management concerning awards under this plan; and maintaining and submitting information in a timely manner.

➤ **EFFORTS TO STIMULATE SMALL, SMALL DISADVANTAGED AND WOMEN-OWNED SMALL BUSINESS ACTIVITIES**

WSI will ensure small business (including ANCs and Indian tribes), veteran-owned small business, service disabled veteran-owned small business, HUBZone small business, small disadvantaged business (including ANCs and Indian tribes), and women-owned small business concerns have an equitable opportunity to compete for subcontracts by using the methods described below:

➤ **EXTENT OF COMPETITION**

As previously stated, bidders lists will be developed using SBA's Dynamic Small Business internet database system, various directories, National Minority Purchasing Council listings, suggestions and recommendations from various Government offices, as well as WSI's internal compendium of sources. WSI will attempt to include sufficient numbers of local small business, veteran-owned small business, service disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business firms on its bidder's lists to provide a realistic chance that such firms will be successful in receiving awards.

➤ **SUBCONTRACT/PURCHASING TERMS AND CONDITIONS**

WSI agrees that the clause entitled "*Utilization of Small Business Concerns*" will be included in all subcontracts which offer further subcontracting opportunities, and all subcontractors except small business concerns who receive subcontracts in excess of \$550,000 or \$1,000,000 for construction of a public facility will be required to adopt and comply with a subcontracting plan similar to this one.

Such plans will be reviewed by comparing them with the provisions of the FAR clause "*Small Business Subcontracting Plan*" (FAR 52.219-9), and assuring that all minimum requirements of an acceptable subcontracting plan have been satisfied. The acceptability of percentage and dollar goals shall be determined on a case-by-case basis depending on the supplies/services involved, the availability of potential small business, veteran-owned small business, service disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors, and prior experience. Once approved and implemented, plans will be monitored through the submission of periodic reports, and/or, as time and availability of funds permit, periodic visits to subcontractors' facilities to review applicable records and subcontracting program progress.

➤ **REPORTS**

WSI will cooperate in any studies or surveys as may be required by the DOE or the Small Business Administration. In addition, WSI will submit periodic reports to the Government to determine the extent of compliance with this plan, and specifically will submit electronically Individual Subcontract Report (ISR) on a semi-annual basis and within 30 days of contract completion to show progress in tracking the goals stated herein using the Electronic Subcontract Reporting System (eSRS). Further, WSI will ensure that its subcontractors with subcontracting plans agree to submit Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR) in accordance with FAR 52.219-9. WSI will provide its prime contract number, its DUNS number, and the e-mail address of the Government official responsible for acknowledging or rejecting the reports to all first tier subcontractors with subcontracting plans so they can enter the information into the eSRS when submitting their reports. WSI will require each subcontractor with a subcontracting plan provide the prime contract number, its own DUNS number, and the e-mail address of the WSI official responsible for acknowledging or rejecting the reports, to its subcontractors with subcontracting plans.

➤ **RECORDS**

WSI will maintain the following records:

- Records of internal guidance and encouragement provided to buyers through workshops, seminars, training and monitoring performance to evaluate compliance with the program's requirements.
- Containing source lists, guides and other data identifying small business, veteran-owned small business, service disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business suppliers and contractors.

- Records to support on a subcontract-by-subcontract basis (including purchases) award data submitted to the Government to include the names, addresses, and business sizes of subcontractors.

➤ **SPECIAL ASSISTANCE**

WSI actively participates in trade fairs and seminars as well as personal meetings with representatives of small businesses, veteran-owned small businesses, service disabled veteran-owned small businesses, HUBZone small businesses, small disadvantaged businesses, and women-owned small businesses. Participation in monitoring performance to evaluate compliance with the program's requirements is a commitment of WSI. In addition, WSI will assist by arranging solicitations, time for the preparation of bids, quantities, specifications and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential subcontractors are lengthy, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

The purpose of WSI's participation is to assist these firms in becoming familiar with the processes involved in doing business with WSI. When small businesses (including ANCs and Indian tribes), veteran-owned small businesses, service disabled veteran-owned small businesses, HUBZone small businesses, small disadvantaged businesses (including ANCs and Indian tribes), and women-owned small businesses are requested to submit proposals and do not respond or are unsuccessful, WSI will ascertain why they did not respond or were unsuccessful and identify any corrective action that can be taken.

➤ **MAKE OR BUY CONSIDERATIONS**

In preparing its proposal for this contract, WSI identified the need to ensure participation of small businesses (including ANCs and Indian tribes), veteran-owned small businesses, service disabled veteran-owned small businesses, HUBZone small businesses, small disadvantaged businesses (including ANCs and Indian tribes), and women-owned small businesses. WSI extended its consideration even to those activities for which full and complete in-house capabilities exist. WSI will provide adequate and timely consideration

of the potential of small business, veteran-owned small business, service disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.

➤ **COUNSELING AND DISCUSSION OF SUBCONTRACTING OPPORTUNITIES**

WSI representatives actively participate in activities of regional minority purchasing councils, as well as in local trade fairs. In addition, WSI procurement management, at all levels, maintains an "open door" to small businesses, veteran-owned small businesses, service disabled veteran-owned small businesses, HUBZone small businesses, small disadvantaged businesses, and women-owned small businesses to discuss subcontracting opportunities. Referrals have been received from small businesses, veteran-owned small businesses, service disabled veteran-owned small businesses, HUBZone small businesses, small disadvantaged businesses, and women-owned small businesses specialist, particularly from the Department of Energy and U.S. Small Business Administration and assistance provided to the referred firms.

WSI will specifically ensure that all potential small business, veteran-owned small business, service disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are provided written notice concerning penalties and remedies for misrepresentation of their business status to obtain a subcontract in this regard.

➤ **SUBCONTRACT SMALL BUSINESS SET-ASIDES**

Whenever possible, and consistent with efforts to achieve the stated goals under this plan, WSI intends to use total small business, veteran-owned small business, service disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business set-asides in awarding subcontracts so long as competitions are properly structured and awards are made at reasonable prices.

For the purpose of establishing a reasonable amount of attempts at re-qualification of DOE, Federal, or State mandated training, it is agreed that, at a minimum, 3 attempts will be provided unless otherwise specified by a DOE or other federal or state requirement. Employees who are in specialty classifications (CAS, LEDC, SRT, LE Constable, and Canine) shall not be reduced in force based on overall site seniority in order to enable the company to maintain the required number of qualified personnel in those classifications. However, should the staffing requirements of these classifications be reduced, employees will be effected by their site seniority within their group, and then shall exercise their site seniority rights among other SPO/SO employees.
- 14.3 When a vacancy arises, the Company shall recall employees on the basis of site seniority, qualification, and ability to perform the available work.
- 14.4 An employee shall continue to **accrue seniority** and retain recall rights for a 24 month period commencing from the date of the layoff.

15.2 Step 1: An employee who believes he has a grievance shall discuss such with his immediate supervisor or his designee, within 10 working days (excluding Saturdays, Sundays, and holidays) after the occurrence of the facts giving rise to the grievance in an attempt to settle the grievance. A Union Steward may be present at such presentation. The supervisor shall provide a verbal response within 5 working days (excluding Saturdays, Sundays and holidays) to the employee or the steward. Wage claims will not be restricted to the above time limit, i.e., pay rate, vacation pay rate, holiday pay rate, overtime pay rate, etc.

15.3 Step 2: If the matter is not resolved in Step 1, the grievance shall, no later than 7 working days (excluding Saturdays, Sundays, and holidays) after the response of the immediate supervisor, be reduced to writing, setting forth the facts in detail, and specifying the Article and paragraph allegedly violated, and signed by the aggrieved employee and the Steward, and shall be submitted to the Company's appropriate Manager or his designee. The Manager or his designee will have 7 working days (excluding Saturdays, Sundays, and holidays) from the date the grievance was presented to him to answer, in writing, with a copy to the aggrieved employee and the **Business Agent or his designee**.

The Director shall give a written answer to the Local Union President and **Business Agent** within 7 working days (excluding Saturdays, Sundays, and holidays) following the date of the meeting.

15.5 (a) Step 4: If the grievance is not settled in Step 3, the grievance may be appealed to the General Manager or his designee no later than 7 working days (excluding Saturdays, Sundays, and holidays) from the denial by the Director. A meeting will be held within 20 working days from receipt of the written appeal. This meeting may be attended by other Company representatives, Local Union President, **Business Agent and Area Administrator**. After the meeting, the General Manager or his designee shall give a written answer within 10 working days (excluding Saturdays, Sundays, and Holidays) to the Local Union President and the **Business Agent**.

(b) The Employer and the Union may mutually agree to defer a grievance at Step 4 to Alternative Dispute Resolution, conducted by the Federal Mediation and Conciliation Service (FMCS).

15.6 Step 5: Grievances which have been processed in accordance with the requirements of the above and which

remain unsettled may be processed to arbitration within 10 working days (excluding Saturdays, Sundays, and holidays) after the rejection of the grievance in Step 4.

Should the parties fail to agree on the selection of an arbitrator, the Union may request the Federal Mediation and Conciliation Service (FMCS) to supply a list of 7 arbitrators. An arbitrator will be selected from the list supplied by the FMCS by parties alternately striking from the list until 1 name remains, and this individual shall be the arbitrator to hear the grievance.

16.3 The arbitrator may examine the witness or witnesses of each party. Each party shall have the right to cross examine the witness or witnesses of the other party.

16.4 The arbitrator's decision shall be based exclusively on the evidence presented at the arbitration hearing. The arbitrator cannot modify, amend, add to, detract from or alter any provisions of the Agreement.

16.5 The decision of the arbitrator shall be issued as promptly as possible, and the decision shall be final and binding upon the Company, the Union, and the grievant.

16.6 Each party hereto shall bear the expenses of preparing and presenting its own case. The cost and all

expenses of the arbitrator shall be borne equally by the parties.

17.4 In the event that a breach of the no strike clause occurs, the officers of the local Union will immediately, upon request and/or notice from the Company, make reasonable, earnest, good faith efforts affirmatively to bring about a prompt termination of the strike or other job action and shall continue such efforts until employees return to work. These good faith efforts on the part of the local Union officers shall include, but not be limited to, continuing to do their jobs.

17.5 Any employee during the term of this Agreement who engages in any of the activities described in Section 17.2 above shall be subject to immediate disciplinary action up to and including discharge.

17.6 In the event of any work stoppage by another labor group involving the Client's property or operation, employees will continue to man posts and carry out assignments for the protection of life, property, and protection of security interest.

ARTICLE 18 FAIR EMPLOYMENT PRACTICES

18.1 The Company and the Union agree they will not discriminate against any employee or applicant for employment because of race, creed, religion, sex, color, age, national origin, or Union affiliation, nor against the qualified physically disabled.

All work-related injuries or illnesses shall be reported immediately to the on-duty supervisor.

19.3 The Company is required to provide adequate safety and protective equipment and take necessary safety precautions, as applicable for the performance of the work covered by this Agreement. All employees are required to comply with safety codes and requirements regarding the wearing of safety and protective equipment in the performance of duties. If such protective equipment is required by DOE, a copy of DOE directives on the subject of protective equipment will be sent to the Union.

19.4 All employees are encouraged to make recommendations in the matter of safety. The Union and the employees covered by this Agreement recognize that safety is the responsibility of each and every employee. Employees are not to assume that other employees bear the responsibility for their safety on the job. All unsafe conditions or acts will be reported to supervision immediately.

19.5 The Company agrees that government vehicles used by employees should be kept in safe condition and will be provided in accordance with DOE specifications, with adequate heating and air conditioning because of extreme climate. Employees are to report any deficiencies to the Company. 19.9 The Union will appoint all Bargaining Unit members in any position for which the company requests Union participation, unless there is a mutual written agreement in advance. For any volunteers not selected by the Union, it is understood that employees' participation is solely as an employee of the Company and not as a representative of the Bargaining Unit.

ARTICLE 20 VACATIONS

20.1 During the term of this Agreement the Company will provide the following paid vacation to full-time employees.

Vacation is accrued each work week on a pro-rata basis. The rounding of numbers may be necessary for accounting purposes but it is not the intent that anyone should lose nor gain vacation time due to this method of accrual. - 34.5 Employees required by 10 CFR 1046 to maintain physical fitness standards shall, at the time of hire, be provided with one pair of Company selected running shoes or reimbursed up to \$100.00 for purchase of running shoes. Worn out or damaged running shoes will be replaced or reimbursed up to \$100.00 once per year. Employees seeking reimbursement must provide a copy of the purchase receipt.
- 34.6 The Union shall participate on the Uniform Committee, which shall select summer and winter physical fitness clothing.
- 34.7 Effective from the date of ratification, all incumbent SPO Is (DCS) shall have one (1) year to volunteer and qualify for an SPO II (OCS) position. Upon assignment to an SPO II position, the employee shall be entitled to SPO II wages. In the event there are more qualified volunteers than there are SPO II positions, the least senior employees will be assigned to SPO I positions. The Union and the Company shall establish a Transition Committee to discuss and implement a transition plan.

ARTICLE 35 NOTICE OF CHANGES

- 35.1 The Union shall be advised of changes in DOE Orders and/or Directives, and WSI-SRS personnel policies and practices materially affecting working conditions, and which are within the administrative control of management, as soon as possible prior to the implementation of such changes.

ARTICLE 36 INFORMATION TO BE SUPPLIED BY EMPLOYEES

- 36.1 Employees must notify the Compensation and Benefits Department promptly of any changes in their personal or family status, i.e., marital and dependent status, change in residence or telephone number, or information relative to their insurance coverage. This notification must be in writing on a form provided by the Company. Failure to report changes which affect insurance coverage will result in the employee reimbursing the Company for premiums which are not recoverable from the insurance carrier.
- 36.2 Employees shall notify the Company of changes in their life insurance beneficiary (i.e., change in marital or other personal status.)
- 36.3 Employees will notify their immediate supervisor by the next scheduled work day of any expiration, revocation or suspension of their state driver's license. This notification will be made in writing.
- 36.4 Due to the emergency nature of the Company's business, each Bargaining Unit Employee is required to have an operating telephone number or number where a message can be left where he can be contacted. This requirement is a condition of employment for all employees.

ARTICLE 37 TECHNOLOGICAL CHANGE

- 37.1 In the event of any proposed change in equipment, material, and/or methods which may result in a reduction in Bargaining Unit employees, the Company shall advise the Union as far in advance as is feasible, consistent with security requirements, and the matter shall be discussed by both parties. Recommendations may be made by the Union to the Company with respect to whether or not it is feasible to develop the required additional knowledge/skills on the part of current employees through additional training/retraining to be provided by the Company.
- 37.2 The Company recognizes their responsibility to their employees when it becomes necessary to effect any reductions in the work force as a direct result of the introduction of technological changes. When feasible, such reductions shall take place by attrition (i.e., retirement, voluntary resignation, death, discharge for cause,

and/or disability). When attrition does not result in the necessary overall reduction of employees, employees reduced in force may exercise their seniority rights per Article 13 of this contract.

ARTICLE 38 SEPARABILITY OF CONTRACT

38.1 In the event that any provision(s) of this Agreement shall at any time be declared invalid by any court of competent jurisdiction or through government regulations or decree, such decision shall not invalidate the entire Agreement and the parties hereto agree to renegotiate such provision or provisions of this Agreement for the purpose of making them conform to the decree or such government statutes so long as they shall remain legally effective. It is the express intention of the parties hereto that all other provisions not declared invalid shall remain in full force and effect.

ARTICLE 39 ENTIRE AGREEMENT

39.1 The parties acknowledge that during the negotiation which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and all understandings and agreements reached by the parties are set forth in this Agreement.

39.2 Therefore, the Company shall not be obligated to bargain collectively on any matter pertaining to conditions of employment, including, but not limited to, rates of pay, wages, hours of work, disciplinary actions, training requirements, etc., during the term of this Agreement except as specifically provided for in other provisions of this Agreement, and the Union hereby specifically waives any right which it might otherwise have to request or demand such bargaining.

39.3 **The parties had the opportunity to meet jointly and negotiate in good faith. Thus, it is agreed and understood that all letters of agreement or memorandums of understanding ever agreed to regarding wages, hours, and working conditions are null and void except and only to the extent that such agreements were discussed and/or noted in this Agreement.**

ARTICLE 40 DURATION

40.1 This Agreement becomes effective on **April 30, 2007**, and shall continue in full force and effect until midnight **April 30, 2012**, and from year to year thereafter, unless either party receives written notice from the other party, not less than 60 days nor more than 90 days, immediately prior to the expiration date, of its intention to amend, modify or terminate this agreement, provided that no strike or stoppage of work shall take place after such expiration date of this Agreement unless the Union, in writing, notifies the Company at least 72 hours prior to any contemplated strike or work stoppage. In the event the Company shall cease to operate security

services at the SRS, this contract shall automatically terminate and the rights and obligations of both the Union and the Company hereunder shall automatically cease.

Article 41 Incentive Pay

41.1 In the event the site is shut down due to a pandemic or ACT of GOD activity those bargaining unit employees required to work will receive double (2x) time for all hours worked during the closure. Those employees that are required to remain at work for one of the above reasons will remain in a paid status until they are allowed to leave.

(Contractor), the undersigned, The Wackenhut Corporation (Guarantor), a corporation incorporated in the State of Florida with its principal place of business at 4200 Wackenhut Drive, Palm Beach Gardens, FL 33418 hereby unconditionally guarantees to the Government (a) the full and prompt payment and performance of all obligations, accrued and executory, which Contractor presently or hereafter may have to the Government under the Contract, and (b) the full and prompt payment and performance by Contractor of all other obligations and liabilities of Contractor to the Government, fixed or contingent, due or to become due, direct or indirect, now existing or hereafter and howsoever arising or incurred under the Contract, and Guarantor further agrees to indemnify the Government against any losses the Government may sustain and expenses it may incur as a result of the enforcement or attempted enforcement by the Government of any of its rights and remedies under the Contract, in the event of a default by Contractor thereunder, and/or as a result of the enforcement or attempted enforcement by the Government of any of its rights against Guarantor hereunder.

Guarantor has read and consents to the signing of the Contract. Guarantor further agrees that Contractor shall have the full right, without any notice to or consent from Guarantor, to make any and all modifications or amendments to the Contract without affecting, impairing, or discharging, in whole or in part, the liability of Guarantor hereunder.

Guarantor hereby expressly waives all defenses which might constitute a legal or equitable discharge of a surety or guarantor, and agrees that this Performance Guarantee Agreement shall be valid and unconditionally binding upon Guarantor regardless of (i) the reorganization, merger, or consolidation of Contractor into or with another entity, corporate or otherwise, or the liquidation or dissolution of Contractor, or the sale or other disposition of all or substantially all of the capital stock, business or assets of Contractor to any other person or party, or (ii) the institution of any bankruptcy, reorganization, insolvency, debt agreement, or receivership proceedings by or against Contractor, or adjudication of Contractor as a bankrupt, or (iii) the assertion by the Government against Contractor of any of the Government's rights and remedies provided for under the Contract, including any modifications or amendments thereto, or under any other document(s) or instrument(s) executed by Contractor, or existing in the Government's favor in law, equity, or bankruptcy.

Guarantor further agrees that its liability under this Performance Guarantee Agreement shall be continuing, absolute, primary, and direct, and that the Government shall not be required to pursue any right or remedy it may have against Contractor or other Guarantors under the Contract, or any modifications or amendments thereto, or any other document(s) or instrument(s) executed by Contractor, or otherwise. Guarantor affirms that the Government shall not be required to first commence any action or obtain any

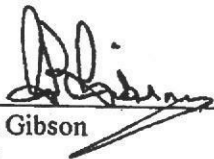

judgment against Contractor before enforcing this Performance Guarantee Agreement against Guarantor, and that Guarantor will, upon demand, pay the Government any amount, the payment of which is guaranteed hereunder and the payment of which by Contractor is in default under the Contract or under any other document(s) or instrument(s) executed by Contractor as aforesaid, and that Guarantor will, upon demand, perform all other obligations of Contractor, the performance of which by Contractor is guaranteed hereunder.

Guarantor agrees to assure that it shall cause this Performance Guarantee Agreement to be unconditionally binding upon any successor(s) to its interests regardless of (i) the reorganization, merger, or consolidation of Guarantor into or with another entity, corporate or otherwise, or the liquidation or dissolution of Guarantor, or the sale or other disposition of all or substantially all of the capital stock, business, or assets of Guarantor to any other person or party, or (ii) the institution of any bankruptcy, reorganization, insolvency, debt agreement, or receivership proceedings by or against Guarantor, or adjudication of Guarantor as a bankrupt.

Guarantor further warrants and represents to the Government that the execution and delivery of this Performance Guarantee Agreement is not in contravention of Guarantor's Articles of Organization, Charter, by-laws, and applicable law; that the execution and delivery of this Performance Guarantee Agreement, and the performance thereof, has been duly authorized by the Guarantor's Board of Directors, Trustees, or any other management board which is required to participate in such decisions; and that the execution, delivery, and performance of this Performance Guarantee Agreement will not result in a breach of, or constitute a default under, any loan agreement, indenture, or contract to which Guarantor is a party or by or under which it is bound.

No express or implied provision, warranty, representation or term of this Performance Guarantee Agreement is intended, or is to be construed, to confer upon any third person(s) any rights or remedies whatsoever, except as expressly provided in this Performance Guarantee Agreement.

SECTION J ATTACHMENT J

GUIDANCE FOR PREPARATION OF EQUAL OPPORTUNITY PROGRAM

With regard to the Contract Section I clause entitled "Equal Opportunity," this attachment provides guidance to assist the Contractor in understanding the Department's expectations in the area of workforce equal employment opportunity and diversity.

In addition to Executive Order 11246 and DOE Order 311.1B, DOE-SR contractors and subcontractors will strive to meet the DOE-SR's expectations to be model employers in the area of workforce equal employment opportunity and diversity, and to provide policies, procedures, and assign responsibilities and authorities for the oversight of contractor equal employment opportunity and affirmative action at DOE facilities, as specified in applicable State and Federal laws and regulations.

DOE-SR contractors and subcontractors must ensure that all its personnel actions are "made free" of any discrimination based on race, color, religion, sex, national origin, age, disabling condition, reprisal or sexual orientation and that each of its contractors and subcontractors has "an affirmative program of equal employment opportunity" for all employees and applicants for employment. To this end, the contractors must maintain the essential element of a Model EEO Program:

- Demonstrated commitment from company leadership;
- Integration of EEO into the company's strategic mission;
- Management and program accountability;
- Proactive prevention of unlawful discrimination;
- Efficiency; and
- Responsiveness and legal compliance.

A. Demonstrated Commitment From Contractor Leadership

- 1) Contractor heads and other senior management officials are to demonstrate a firm commitment to equality of opportunity for all employees and applicants for employment. Even the best workplace policies and procedures will fail if they are not trusted, respected and vigorously enforced. The Contractor must translate equal opportunity into every day practice and make those principles a fundamental part of their company culture. This commitment to equal opportunity must be embraced by company leadership and communicated through the ranks from the top down. It is the responsibility of each company head to take such measures as may be necessary to incorporate the principles of equal employment opportunity into the company's organizational structure.
- 2) To this end, company will adhere to all DOE policies governing equal employment opportunity (EEO) and a workplace free of discriminatory harassment.

B. Integration of EEO Into The Company's Strategic Mission

- 1) Maintain a reporting structure that provides the company's EEO Director with regular access to the company head and other senior management officials for reporting on the effectiveness, efficiency and legal compliance of the company's equal employment opportunity and diversity programs.
- 2) EEO Director be a direct report to the company head.
- 3) Ensure EEO professionals are involved with, and consulted on, the management and deployment of human resources. The EEO Director should be a regular participant in senior staff meetings and regularly consulted on human resources issues.
- 4) Allocate sufficient resources to create and/or maintain equal employment opportunity and diversity programs that: 1) identify and eliminate barriers that impair the ability of individuals to compete in the workplace because of race, national origin, sex or disability; 2) establish and maintain training and education programs designed to provide maximum opportunity for all employees to advance; and 3) ensure that unlawful discrimination in the workplace is promptly corrected and addressed.
- 5) Attract, develop and retain EEO staff with the strategic competencies necessary to accomplish the company's EEO mission, and interface with company officials, managers and employees.
- 6) Recruit, hire, develop and retain supervisors and managers who have effective managerial, communications and interpersonal skills. Provide managers and supervisors with appropriate classroom training and other resources to understand and successfully discharge their duties and responsibilities.
- 7) Involve managers and employees in the implementation of the company's equal employment opportunity and diversity programs.
- 8) Use various media to distribute EEO information concerning EEO laws, regulations and requirements, rights, duties and responsibilities and to promote best workplace practices.

C. Management and Program Accountability

- 1) Conduct regular internal audits, on at least an annual basis, to assess the effectiveness and efficiency of equal employment opportunity laws, regulation to ascertain whether the company has made a good faith effort to identify and remove barriers to equality of opportunity in the workplace.
- 2) Establish procedures to prevent all forms of discrimination, including harassment, retaliation and failure to provide reasonable accommodation to qualified individuals with disabilities.
- 3) Evaluate managers and supervisors on efforts to ensure equality of opportunity for all employees.
- 4) Maintain clearly defined, well-communicated, consistently applied and fairly implemented personnel policies, selection and promotion procedures, evaluation procedures, rules of conduct and training systems.
- 5) Review each finding of discrimination to determine the appropriateness of taking disciplinary action against company officials involved in the matter. Track these decisions and report trends, issues and problems to company leadership for appropriate action.

D. Proactive Prevention of Unlawful Discrimination

- 1) Contractors must conduct a self-assessment on at least an annual basis to monitor progress, identify areas where barriers may operate to exclude certain groups and develop strategic plans to eliminate identified barriers.

E. Efficiency

- 1) Contractors must have an efficient and fair dispute resolution process and effective systems for evaluating the impact and effectiveness of their EEO programs.
- 2) Maintain an efficient, fair and impartial complaint resolution process.
- 3) Establish and encourage the widespread use of a fair alternative dispute resolution (ADR) program that facilitates the early, effective and efficient informal resolution of disputes.
- 4) Establish an internal complaint process to include suspense date that has been approved by DOE-SR. Develop a tracking and monitoring system that permits the company to identify the location, status, and length of time elapsed at each stage of the company's complaint process, the issues and the bases of the complaints, the aggrieved individuals/complainants, the involved management officials and other information necessary to analyze complaint activity and identify trends.
- 5) Identify, monitor and report significant trends reflected in complaint processing activity monthly to DOE-SR. Analysis of data relating to the nature and disposition of EEO complaints can provide useful insight into the extent to which an company is meeting its obligations to equal employment opportunity laws, regulations, executive orders and guidances.
