Necessary to protect life and property:	<i>1,027 FTEs</i>		
Brief summary of significant agency activities that will continue during a lapse:			
<p>At DOE Headquarters, in the event of a lapse of appropriations and the exhaustion of available balances, a small staff in the following offices would provide support to portions of DOE that perform functions related to the safety of human life or the protection of property:</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <tbody> <tr> <td style="vertical-align: top; width: 50%;"> <ul style="list-style-type: none"> • Office of the Chief Financial Officer • Energy Information Administration • Office of Fossil Energy • Office of the Chief Human Capital Officer • Office of Intelligence and Counterintelligence • Office of the Chief Information Officer • Office of Legacy Management • Office of Management • Office of Public Affairs • Office of Science </td> <td style="vertical-align: top; width: 50%;"> <ul style="list-style-type: none"> • Office of Energy Efficiency and Renewable Energy • Office of Environmental Management • Office of General Counsel • Office of Health, Safety, and Security • Loan Programs Office • Office of Nuclear Energy • Office of Policy and International Affairs </td> </tr> </tbody> </table>		<ul style="list-style-type: none"> • Office of the Chief Financial Officer • Energy Information Administration • Office of Fossil Energy • Office of the Chief Human Capital Officer • Office of Intelligence and Counterintelligence • Office of the Chief Information Officer • Office of Legacy Management • Office of Management • Office of Public Affairs • Office of Science 	<ul style="list-style-type: none"> • Office of Energy Efficiency and Renewable Energy • Office of Environmental Management • Office of General Counsel • Office of Health, Safety, and Security • Loan Programs Office • Office of Nuclear Energy • Office of Policy and International Affairs
<ul style="list-style-type: none"> • Office of the Chief Financial Officer • Energy Information Administration • Office of Fossil Energy • Office of the Chief Human Capital Officer • Office of Intelligence and Counterintelligence • Office of the Chief Information Officer • Office of Legacy Management • Office of Management • Office of Public Affairs • Office of Science 	<ul style="list-style-type: none"> • Office of Energy Efficiency and Renewable Energy • Office of Environmental Management • Office of General Counsel • Office of Health, Safety, and Security • Loan Programs Office • Office of Nuclear Energy • Office of Policy and International Affairs 		
<p>The National Nuclear Security Administration would perform functions related to the safety of human life and the protection of property in three main program areas: maintenance and safeguarding of nuclear weapons; international non-proliferation activities; and servicing deployed naval reactors. Within the weapons programs, excepted personnel will have oversight concerning stopping or maintaining critical control operations systems that involve nuclear materials or maintenance of one-of-a-kind equipment in order to make shutdown decisions.</p> <p>Bonneville Power Administration is self-funding under a permanent, indefinite appropriation and will continue to operate normally.</p> <p>The other Power Marketing Administrations (Southeastern Power Administration, Southwestern Power Administration, Western Area Power Administration) will perform</p>			

functions related to the safety of human life and the protection of property by engaging in controlling and directing power to utilities, transmission of power, and repair of the power transmission system.

Brief summary of significant agency activities that will cease during a lapse:

Those activities not related to the preservation of life and property, unnecessary to the discharge of the President's constitutional power, not funded by other than appropriations, or not expressly authorized by law will cease.
