RE: Freeport LNG Expansion, L.P. and FLNG Liquefaction, LLC, FLNG Liquefaction 2, LLC; and  
FLNG Liquefaction 3, LLC

FE Docket Nos. 10-160-LNG; 10-161-LNG; 11-160-LNG and 12-06-LNG

REGISTRATION PURSUANT TO DOE/FE ORDER NOS. 2913, 3282-C, 3066, 3357-B

I serve as General Counsel of Freeport LNG Expansion, L.P., which indirectly owns FLNG Liquefaction, LLC, FLNG Liquefaction 2, LLC and FLNG Liquefaction 3, LLC (collectively, "FLEX"). On February 10, 2011, DOE/FE issued Order No. 2913 granting approval of the long-term authorization to export liquefied natural gas ("LNG") from the Freeport LNG terminal to free trade nations. That Order also authorized FLEX to export LNG as an agent for others and required such customers of FLEX to register with the DOE. Ordering Paragraphs D and G of Order No. 2913 require that certain long-term commercial agreements must be filed with the DOE/FE. Subsequent to the issuance of Order No. 2913, DOE/FE issued Order Nos. 3282-C, 3066 and 3357, each of which contains the same registration and filing requirements as Order No. 2913 (see Ordering Paragraphs D and F of Order No. 3066 and Ordering Paragraphs I and K of Order No. 3282-C and 3357-B) (collectively, the "FLEX Export Authorizations").

FLEX entered into a long-term commercial agreement with Osaka Gas Co., Ltd. ("Osaka Gas") to provide the services contemplated by the FLEX Export Authorizations, including acting as agent for authorized LNG exports (such agreement, the "Liquefaction Tolling Agreement"). Pursuant to the requirements of the FLEX Export Authorizations, FLEX filed with DOE/FE the Liquefaction Tolling Agreement and the required customer registration for Osaka Gas. The customer registration was acknowledged by DOE/FE by letter dated February 12, 2014 (the "Acknowledgement Letter"), a copy of which is attached as Exhibit I.

Osaka Gas has decided to assign its rights and obligations under the Liquefaction Tolling Agreement to Osaka Gas Trading & Export, LLC, a subsidiary of Osaka Gas. As a prerequisite to such assignment, Osaka Gas Trading & Export, LLC must be a registered customer on whose behalf FLEX may export LNG as an agent. Therefore, please find attached as Exhibit II the registration of Osaka Gas Trading & Export, LLC under the authorization of and pursuant to the requirements of the FLEX Export Authorizations. As the Liquefaction Tolling Agreement has already been filed with DOE/FE with the registration of Chubu Electric, we refer DOE/FE to the prior filing and are not re-submitting it with this filing. We respectfully request that the customer registration for Osaka Gas Trading & Export, LLC be acknowledged by DOE/FE by a letter similar in form and substance to the Acknowledgement Letter.

RE: Registration of Osaka Gas Co., Ltd. under FLEX Export Authorizations -- Department of Energy, Office of Fossil Energy (DOE/FE) Order Nos. 2913, 3066, 3282, and 3357

Dear Mr. Lo Baugh,

In DOE/FE Order Nos. 2913 (issued February 10, 2011, FE Docket No. 10-160-LNG); 3066 (issued February 10, 2012, FE Docket No. 12-06-LNG); 3282 (issued May 17, 2013, FE Docket No. 10-161-LNG); and 3357 (issued November 15, 2013, FE Docket No. 11-161-LNG), DOE/FE detailed the registration process that would allow Freeport LNG Expansion, L.P.; FLNG Liquefaction, LLC; FLNG Liquefaction 2, LLC; and FLNG Liquefaction 3, LLC (collectively, FLEX) to use their joint authorizations to export LNG as agent for others.

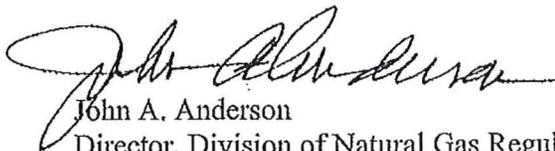

By letter dated August 31, 2012, FLEX submitted the required documentation to register Osaka Gas Co., Ltd. with DOE/FE, as set forth in the FLEX authorization in DOE/FE Order No. 2913. By letter dated January 2, 2014, FLEX submitted the required documentation to register Osaka Gas Co., Ltd. with DOE/FE, as set forth in FLEX authorizations in DOE/FE Order Nos. 3066 3282, and 3357. DOE/FE confirms herein that the FLEX affiliates holding these

authorizations are permitted to use them to export LNG as agent for Osaka Gas Co., Ltd., pursuant to the Liquefaction Tolling Agreement between FLNG Liquefaction, LLC and Osaka Gas Co., Ltd., dated July 31, 2012.
