Directory  
of Potential Stakeholders  
for DOE Actions  
under NEPA

36<sup>th</sup> Edition  
November 2019

U.S. Department of Energy  
Office of NEPA Policy and Compliance

## PREFACE

This *Directory of Potential Stakeholders for DOE Actions under NEPA* is prepared by the Office of NEPA Policy and Compliance. The directory, on the [DOE NEPA Website](#), complements DOE's [EIS and EA Distribution Guidance](#).

The Council on Environmental Quality regulations implementing NEPA (40 CFR Parts 1500–1508) include provisions for public involvement:

- Agencies must ensure that environmental information is available to public officials and citizens before decisions are made and before actions are taken [40 CFR 1500.1(b)].
- Agencies must involve environmental agencies, applicants, and the public, to the extent practicable, in preparing environmental assessments and must affirmatively solicit comments on draft environmental impact statements from those persons or organizations who may be interested or affected [40 CFR 1501.4(b) and 1503.1(a)].
- Agencies must provide public notice of NEPA-related hearings, public meetings, and the availability of environmental documents so as to inform those persons and agencies who may be interested or affected [40 CFR 1506.6(b)].
- For an action with effects of national concern, notice shall notice to national organizations reasonably expected to be interested in the matter.... Agencies shall maintain a list of such organizations [40 CFR 1506.6(b)(2)].

To supplement the lists of potentially interested parties that DOE offices compile for individual proposals, the directory provides current contact information in federal agencies (in part by referring to the list posted on the Council on Environmental Quality website); states, territories, and state government associations; and nongovernmental organizations. Offices are encouraged to be inclusive in providing opportunities to review DOE NEPA documents.

The NEPA Office updates this directory approximately annually and may issue revisions throughout the year as new information becomes available. Please direct questions to [askNEPA@hq.doe.gov](mailto:askNEPA@hq.doe.gov).

## FEDERAL AGENCIES

The Council on Environmental Quality (CEQ) maintains a list of federal agency NEPA contacts at [ceq.doe.gov/nepa-practice/agency-nepa-contacts](http://ceq.doe.gov/nepa-practice/agency-nepa-contacts). DOE offices planning NEPA-related notification, consultation, or document distribution should use this list to identify appropriate primary contacts in the federal agencies and note the additional information, below, that some agencies have provided: contacts specific to DOE, contacts in the agencies' regional offices, or specific instructions concerning document reviews.

### CABINET DEPARTMENTS

#### Department of Agriculture

##### Forest Service

NEPA documents relating to a specific National Forest or Grassland should be sent to the local Forest Service office ("Find a Forest or Grassland" at [fs.fed.us](http://fs.fed.us)). A review request should state the relationship to Forest Service interests. Electronic notification is preferred.

#### Department of Commerce

##### National Oceanic and Atmospheric Administration

NOAA is interested in NEPA documents relating to coastal regions and ocean waters. Send a notice of an EIS and EA for NOAA's consideration for review to [noaa.nepa@noaa.gov](mailto:noaa.nepa@noaa.gov).

#### Department of Defense

##### Department of Defense Siting Clearinghouse

The Clearinghouse provides comprehensive, expedited evaluation of the potential impacts on military missions of energy development and other projects proposed within military training routes or special use airspace, whether on private, state, or federal property. The Clearinghouse encourages early informal consultation when the proposed location and nature of the project are established. Contact [osd.dod-siting-clearinghouse@mail.mil](mailto:osd.dod-siting-clearinghouse@mail.mil).

##### Department of the Air Force

The Air Force wishes to receive NEPA documents only for proposals that may affect Air Force airspace, ranges, bases, or related operations. The Air Force prefers to be notified as early as possible, preferably before a notice of intent is issued, especially if it is a potential cooperating agency.

##### U.S. Army Corps of Engineers

The Corps is interested in NEPA documents for proposals that may affect navigation or alter the waters of the United States (including wetlands), and for projects near Corps facilities. The Corps prefers to be notified early, preferably before a notice of intent is issued, especially if it is a potential cooperating agency. Initial contact should be addressed to the local Corps district office, listed at [usace.army.mil/Locations](http://usace.army.mil/Locations).

#### Department of the Interior

DOI requests that a review request for a draft or final EIS be sent to the Headquarters Office of Environmental Policy and Compliance, which will provide it to DOI bureaus and regional offices. For detailed instructions, see [doi.gov/nepa](http://doi.gov/nepa), at the link for "Review of Non-Interior Actions."

The contact for DOE issues is:

Ms. Lisa Treichel  
Office of Environmental Policy and Compliance  
Department of the Interior  
1849 C Street, NW (MS 2462-MIB)  
Washington, DC 20240

202-208-7116

[lisa.treichel@ios.doi.gov](mailto:lisa.treichel@ios.doi.gov)

DOI encourages direct consultation with its Regional Environmental Officers and Bureau contacts on other environmental matters, including early coordination and scoping, EAs and FONSI, preliminary or working draft EISs, and matters of a regional nature. For further information, see [doi.gov/oepr/regional-offices](http://doi.gov/oepr/regional-offices).

##### Fish and Wildlife Service

To identify a NEPA contact for a specific matter, select a location at [fws.gov/offices](http://fws.gov/offices).

#### Department of Transportation

##### Federal Highway Administration

NEPA documents involving surface transportation issues of national scope should be coordinated with the Office of Project Development and Environmental Review. NEPA documents of regional, state, or local scope should be coordinated with the FHWA state-level Division Office; see [fhwaapps.fhwa.dot.gov/foisp/keyFieldFederalAidDivisions.do](http://fhwaapps.fhwa.dot.gov/foisp/keyFieldFederalAidDivisions.do).

##### Surface Transportation Board

[stb.gov](http://stb.gov)

The Surface Transportation Board does not wish to receive NEPA documents (only notifications), but is available as a point of contact on rail transportation.
