<u>Item</u>	<u>Subject</u>	<u>FAR Case</u>
I	Reporting of Non-Conforming Items to the Government-Industry Data Exchange Program	2013-002

Item I — Reporting of Non-Conforming Items to the Government-Industry Data Exchange Program (FAR Case 2013-002)

This final rule amends the FAR to require contractors and subcontractors to report to the Government-Industry Data Exchange Program (GIDEP) certain counterfeit or suspect counterfeit parts and certain major or critical nonconformances. This change implements sections 818(c)(4) and (c)(5) of the National Defense Authorization Act for Fiscal Year 2012, which require DoD contractors and subcontractors to report counterfeit or suspect counterfeit electronic parts purchased by or for DoD to GIDEP.

The FAR Council extended coverage of the proposed rule by policy to cover other Government agencies, other types of parts, and other types of nonconformance. In response to public comments, the final rule was significantly de-scoped by exempting contracts and subcontracts for commercial items and limiting the clause application to acquisitions of items that require: (1) higher level quality standards; (2)critical items, or (3)electronic parts by or for DoD.
