Notes

1. Nuclear Waste Partnership, LLC: Nuclear Waste Partnership, LLC (Waste Isolation Pilot Plant) achieved certification after completing their Corrective action plan resulting from the December 2018 review.
2. Savannah River Nuclear Solutions: As a result of the compliance review, Savannah River Nuclear Solutions (SRNS) EVMS compliance has been referred to the site for closeout with no significant remaining issues.
3. Idaho Treatment Group: EVMS certification review is in progress; outcome is pending resolution of corrective actions.
4. Mid-America Conversion Services: awaiting results of certification review of contractor's project control system.
5. Four Rivers Nuclear Partnership, LLC: awaiting results of certification review of contractor's project control system.
6. Swift and Staley, Portsmouth Mission Alliance, & N3B: status pending based on a review of the contractor.
7. Fluor B&W Portsmouth LLC (FBP): 1Q FY2016 DOE EM Compliance Review found FBP to be non-compliant with several of the EIA-748 EVMS guidelines. FBP was granted a temporary certification waiver (recommended by PMRC) that was approved by S-4. PM conducted a certification review on FBP's EVMS in April 2019, which resulted in multiple findings. FBP is currently working corrective actions to close out findings and obtain certification.
8. Mission Support & Test Services, LLC and Lawrence Livermore National Securities: NNSA M&O contractors.
9. CH2M Hill-B&W West Valley: EVMS certification is not required for the contract; EM-5.22 conducted an Onsite EVMS surveillance review in Sept. 2017. The OIG recommended the contractor develop an adequate budget baseline & certified EVMS. Contractor's response to findings and implementation of corrective actions was provided & the OIG agreed to close the DOE Audit Report Tracking System (DARTS) recommendation for West Valley Demonstration Project.
