

**Perspectives on competitiveness of  
compressed gas storage technologies  
in medium- and heavy-duty  
transportation.**

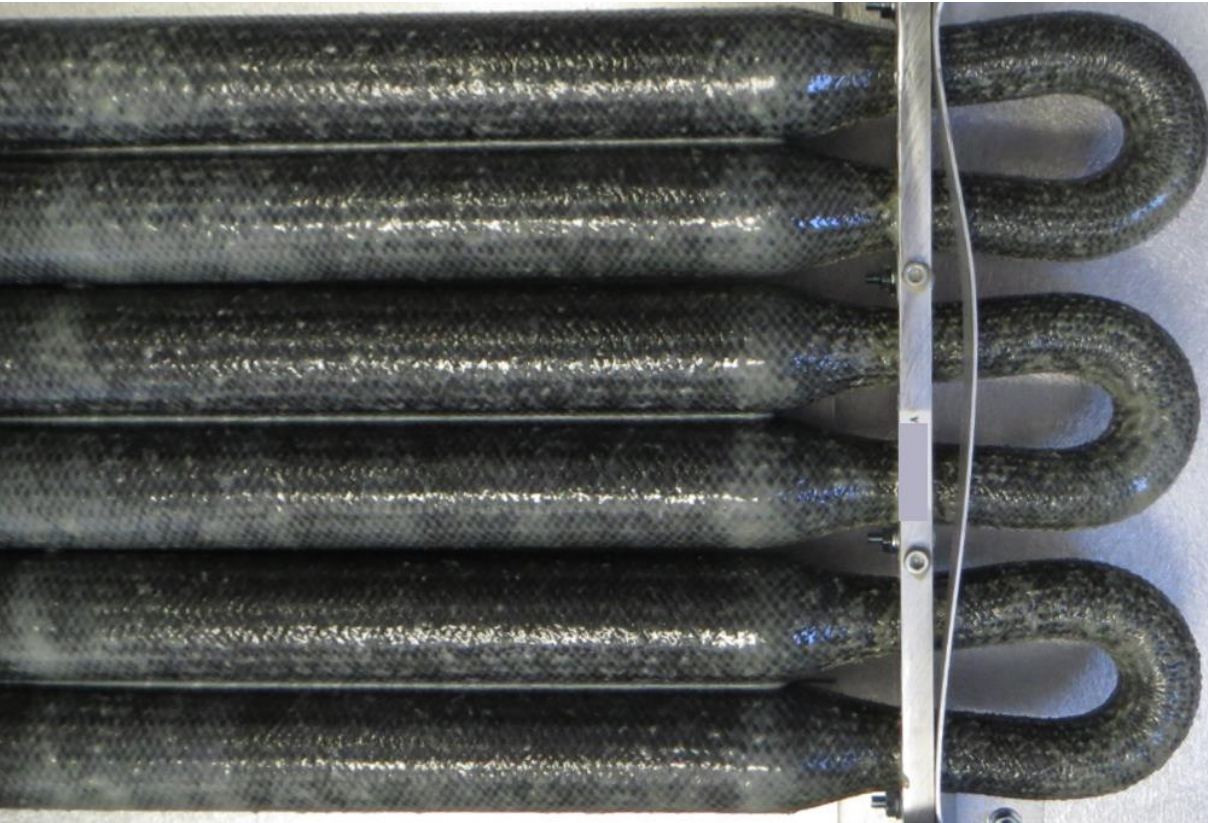

Vladimir Kovalevsky

DOE workshop,

Jan 21<sup>st</sup> 2020

Dayton, OH

# Conformable tanks at Linamar

2014 : Otherlab.  
ARPA-E MOVE.

2016 : Volute.  
Continued development.

2018 : Linamar.  
Licensing technology.

2020 : Linamar.  
Continued development.

# Tech metrics for storage in medium and heavy duty vehicles

- Conformability.
- Cost reduction through continuous manufacturing process.
- Heat dissipation during fast fill.
- Storage volume division.
- Fire behavior.

# Thank You
