Washington, DC 20585

WEATHERIZATION PROGRAM NOTICE
ISSUED DATE: February 10, 2020

SUBJECT: PROGRAM YEAR 2020 GRANTEE ALLOCATIONS

INTENDED AUDIENCE: Weatherization Grantee Managers, Weatherization Subgrantee Managers

PURPOSE: To provide Grantee allocations for the preparation and submission of applications for funding of the Weatherization Assistance Program (WAP) for Program Year (PY) 2020.

SCOPE: The provisions of this guidance apply to all Grantees applying for financial assistance under the Department of Energy (DOE) WAP.

LEGAL AUTHORITY: Title IV, Energy Conservation and Production Act, as amended, authorizes DOE to administer the WAP (42 U.S.C. § 6861 *et seq.*). All grant awards made under this program shall comply with applicable law and regulations including the WAP Regulations contained in 10 CFR Part 440.

PROCEDURES: On December 20, 2019, the President signed H.R. 1865, The Further Consolidated Appropriations Act, 2020, which provides fiscal year (FY) 2020 full-year appropriations through September 30, 2020. Under this Act the WAP was appropriated \$305,000,000, to include \$1,000,000 to be made available to current WAP grant recipients via the Weatherization Innovation Pilot Program (WIPP) to develop and implement strategies to treat harmful substances, including vermiculite and \$3,500,000 for training and technical assistance (T&TA) activities at Headquarters. An additional \$5,000,000 of prior year funds has also been reallocated to Grantees through the formula.

At this appropriation level, the Energy Independence and Security Act of 2007 (EISA) authorizes the Secretary of Energy to make funding available for Sustainable Energy Resources for Consumers (SERC) Grants. DOE will reduce the amount being distributed to the Grantees by \$6,100,000 and will send out instructions on SERC funding opportunity under a separate memo. Once the Secretary determines how much, if any, will be distributed under SERC, any remaining funds not used for SERC will be distributed through formula.

Total funds being made available to Grantees for distribution through the formula in FY 2020 is 302,100,000.

The final Grantee allocations included in this Notice are to be used in conjunction with Weatherization Program Notice (WPN) 20-1 entitled Program Year 2020 Weatherization Grant Guidance, with its two attachments: 1) Administrative and Legal Requirements Document; and 2) Application Instructions, in developing the annual Grant application for PY 2020.

A handwritten signature in black ink that reads "Anna Maria Garcia". The signature is written in a cursive, flowing style.
