Financial Literacy Workshop
"Money Basics Let's Build a Plan"

Do you want to feel confident about your personal finances? If so, you need to follow a plan that has four components:

1. Controlling spending
2. Managing debt
3. Prioritizing savings
4. Maintaining excellent credit

If you lose focus on any of these disciplines, you risk adding stress to your life. This session explains the importance of each component of your plan and helps you get started.
