

Office of Packaging and Transportation FY2018 Highlights

The Office of Packaging and Transportation (OPT), within EM, seeks to protect people and the environment by ensuring safe, compliant, and efficient packaging and transportation of materials critical to successful Department operations. OPT achieves this mission by conducting packaging and transportation assessments and oversight; assisting field sites; and developing, managing, and advocating policies, orders, guidance and tools in accordance with DOE requirements and government regulations.

7,700+ HazMat shipments transported over 6.8M miles.

2,300+ first responders trained in 154 Transportation Emergency Preparedness Program courses.

49 package certification actions

4,400 certificate records in DOE's Radioactive Material Packaging Website (RAMPAC).

0 Department of Transportation recordable transportation accidents.

13 OF 35 DOE carriers evaluated in the Motor Carrier Evaluation Program

>99% ATLAS system availability.
