Subject: [EXTERNAL] Correction RE: Dominion Cove Point LNG, LP [FE Docket Nos. 11-115-LNG & 11-128-LNG]
Date: Tuesday, September 22, 2020 12:09:23 PM

Hello,

On August 24, 2020, Dominion Energy Cove Point, LP (DECP) submitted, via the below message, its application to amend the export term for its existing long-term authorizations through December 31, 2050. It has come to our attention that the application contained a typographical error. Specifically, the Application states at page 3:

DECP placed its Liquefaction Project in service on April 9, 2018, and exported LNG from the Terminal pursuant to its long-term authorizations for the first time on April 15, 2020.

As DOE knows, exports from DECP's Liquefaction Project commenced in **2018**. Thus, the date at the end of this sentence is an error and should be corrected to read "April 15, 2018." Please treat this message as a correction to that statement of the Application.

Thank you for your assistance and we apologize for any confusion resulting from the mistake in the Application.

Thank you,
Colin
