

CERCLA Five-Year Review Questionnaire

The U.S. Department of Energy (DOE) is conducting the fifth five-year review at the Fernald Preserve. The review is required by Section 121 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act of 1986. The purpose of the review is to ensure that cleanup remedies remain protective of human health and the environment.

Community involvement is integral to the mission of the Fernald Preserve and the CERCLA five-year review process. DOE values and requests feedback you may have regarding the site's activities for the last five years.

The questionnaire is located at <https://www.energy.gov/lm/fernaldd-preserve-ohio-cercla-five-year-review>. For questions or to request a hard copy of the questionnaire, please call (513) 648-3330, or email Fernald@lm.doe.gov.

Completed questionnaires will be accepted through November 13, 2020.

Sincerely,
Sue Smiley
DOE Office of Legacy Management
