Comment:	President Trump has nothing to run on. Pandemic response? Epic fail. Economy? Over 10 million jobs lost. National debt? Soaring. Mexico paying for the wall? You're joking. So with no positive message he's campaigning on fear. Biden will cause a depression, the market will crash, 401K's will be wiped out. Yada-yada. Democrats will eliminate police, and "who knows who" (i.e. people of color) will "invade" the suburbs and cause mayhem. Yada-yada. It's not working. Trump is a carnival barker, and everyone knows his pitch by heart. It hasn't changed from when he hyped the worthless Trump University or the corrupt Trump Foundation. He's a serial liar, and nothing that he says is worth listening to. Also he looks like Bozo the Clown with his comically long red tie, face paint and orange fright wig. * 🔗
