Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

A11 Technical advice and planning assistance to international, national, state, and local organizations.

B5.1 Actions to conserve energy, demonstrate potential energy conservation, and promote energy-efficiency that do not increase the indoor concentrations of potentially harmful substances. These actions may involve financial and technical assistance to individuals (such as builders, owners, consultants, designers), organizations (such as utilities), and state and local governments. Covered actions include, but are not limited to: programmed lowering of thermostat settings, placement of timers on hot water heaters, installation of solar hot water systems, installation of efficient lighting, improvements in generator efficiency and appliance efficiency ratings, development of energy-efficient manufacturing or industrial practices, and small-scale conservation and renewable energy research and development and pilot projects. The actions could involve building renovations or new structures in commercial, residential, agricultural, or industrial sectors. These actions do not include rulemakings, standard-settings, or proposed DOE legislation.

Rationale for determination:

Bexar County proposes to use federal funds to purchase and install solar panels on the roof of the new Justice Center Expansion County Parking Garage. These panels will aid in Bexar County's goal of reducing greenhouse gas emissions and energy efficiency.

This project will involve designing the photovoltaic system for the garage, purchase of the panels and associated materials, constructions of the system, & project monitoring and management.

This project comprises of the design & installation of solar panels as an action to conserve energy on top of a newly constructed parking facility; therefore a CX A11 & B5.1 will apply.

NEPA PROVISION

DOE has made a final NEPA determination for this award
