

## **Notice of Availability**

The public is invited to review and comment on the *Draft Environmental Assessment for NorthStar Medical Technologies, LLC Commercial Domestic Production of the Medical Isotope Molybdenum-99*. As part of its nuclear nonproliferation mission, NNSA is providing support to accelerate the establishment of commercial production of molybdenum-99 in the United States without the use of highly enriched uranium. The document is available for public review electronically on this web page under NNSA Headquarters/Office of Global Threat Reduction and on the DOE website, [www.energy.gov/nepa](http://www.energy.gov/nepa); a copy is also available at the at the Beloit Public Library, 605 Eclipse Boulevard, Beloit WI. Comments can be made via e-mail to [NorthStarMo-99EA@nnsa.doe.gov](mailto:NorthStarMo-99EA@nnsa.doe.gov) or by U.S. mail to Jeffrey Chamberlin, NEPA Document Manager, Office of Global Threat Reduction, 1000 Independence Ave., SW, Washington, DC 20585. The comment period ends Monday, August 6.
