

Doing Business with the National Nuclear Security Administration

Gary G. Lyttek, NNSA Business Source Manager

Department of Energy's Business Opportunity Session

Our Mission

To support the National Nuclear Security Administration's goal of "strengthening United States' security through the military application of nuclear energy and by reducing the global threat from terrorism and weapons of mass destruction".

Our Vision

Provide NNSA's programs with only the highest quality, technically superior, and competitively priced small business suppliers.

NNSA Operations

Procurement Base: \$9 billion

FY 2008 Small Business Obligations: \$346 million

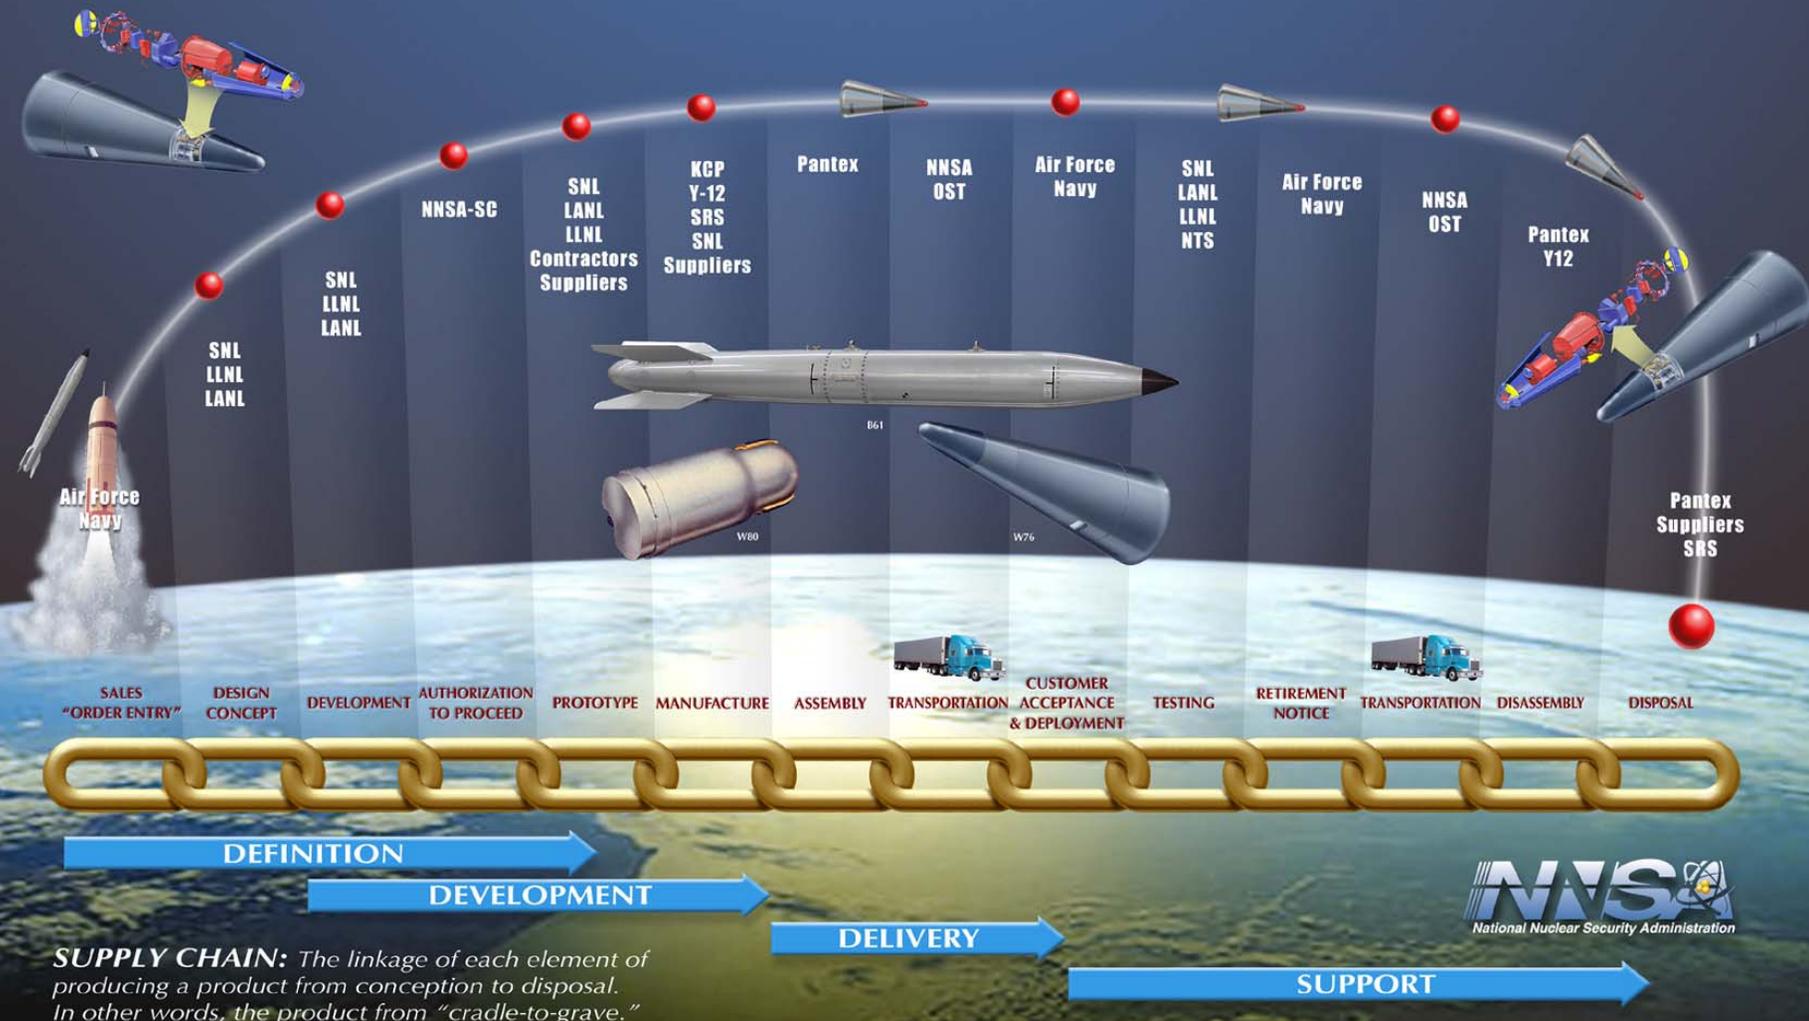

Semi-Autonomous Organization

Unique Procurement Authority

Management & Operating Contractors (M&O's) fulfill mission work

Majority of small business opportunities are with our M&O contractors

NNSA Weapons Modification Supply Chain

SUPPLY CHAIN: The linkage of each element of producing a product from conception to disposal. In other words, the product from "cradle-to-grave."

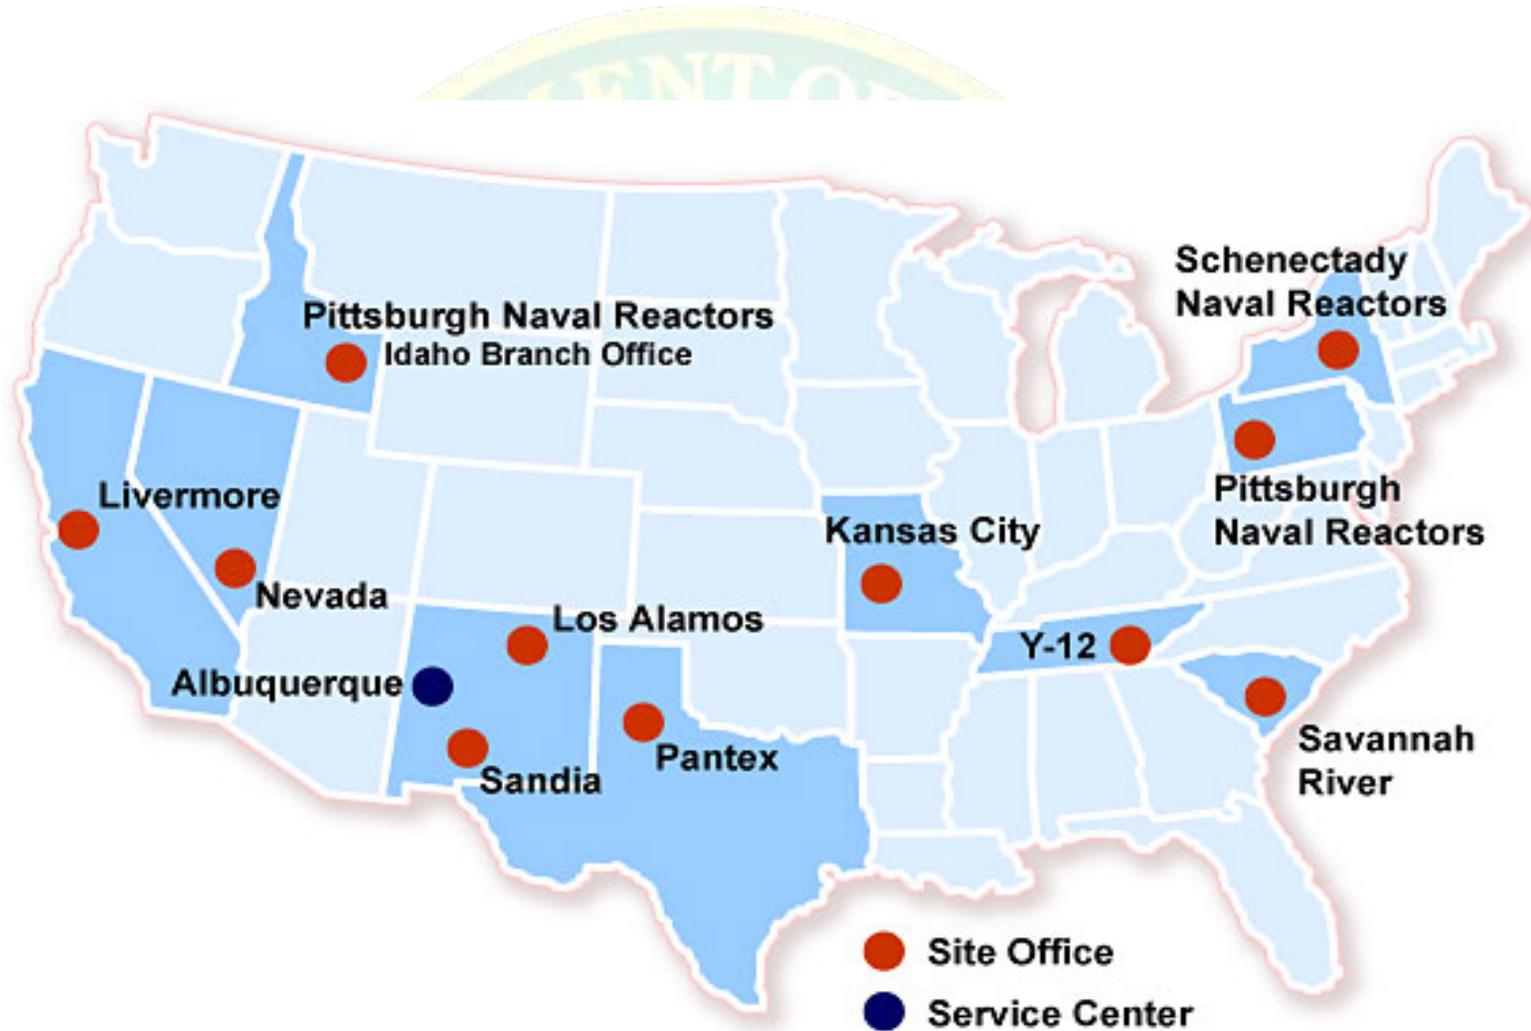

NNSA Integrated Supply Chain Vision

NNSA Supply Chain Management Integration Tools

Major Locations

Our Small Business Commitment

“I wish to reemphasize this Administration’s continuing dedication to the full inclusion of the entire small business community...in all of NNSA’s activities... To meet the Secretary’s and NNSA’s small business contracting objectives, ... we will reserve for small business all new NNSA non-management and operating (M&O) contract requirements, as well as all expiring NNSA non-M&O contracts where the requirement continues.”

NNSA Small Business Policy BOP 003-0305R
