Dear Dr. Triay:

As you know, the Environmental Management Advisory Board is charged with providing advice and recommendations on issues affecting the Environmental Management (EM) program. In Fiscal Year 2010, you asked the Board to focus on a number of cross-cutting topics, including the EM Energy Parks Initiative. In light of this request, we respectfully submit the attached report and recommendation for your review. This recommendation was approved by the full Board during its March 31, 2010, public meeting in Arlington, Virginia.

If you have any questions or comments regarding the report and/or recommendation, please feel free to contact either myself or the Board's Designated Federal Officer, Ms. Terri Lamb.

Regards,

**James A. Ajello
Chair**
