

Locations of Spent Nuclear Fuel and High-Level Radioactive Waste¹

	Commercial dry storage site		Operating reactor		Commercial HLW
	Shutdown reactor site undergoing decommissioning		Shutdown reactor		Commercial SNF from research reactor
	Shutdown reactor site largely decommissioned except ISFSI		SNF from shutdown reactor at operating reactor site		Commercial SNF pool storage (away from reactor)
	Nuclear fuel fabrication/test facility		Operating commercial research reactor		

January 2011

¹ Locations reflect non-federally owned SNF and HLW covered by the Nuclear Waste Policy Act
