SPECIAL FINANCIAL INSTITUTION ACCOUNT AGREEMENT FOR USE WITH THE PAYMENT CLEARED FINANCING ARRANGEMENT

Los Alamos National Security, LLC.
Contract Number DE-AC52-06NA25396
Department of Energy Account

This Special Financial Institution Account Agreement (hereinafter referred to as "Agreement") entered into this 31st day of March, 2006, between the UNITED STATES OF AMERICA, represented by the Department of Energy (hereinafter referred to as "DOE") and Los Alamos National Security, LLC, a legal entity existing under the laws of the State of Delaware (hereinafter referred to as the "Contractor") and Wells Fargo Bank, N.A., a national banking association, located at 550 California Street 10th Floor/A0112-102 San Francisco, CA 94104 (hereinafter referred to as the "Financial Institution") and being a member in good standing of the Federal Reserve Bank for general banking services to be performed for the Los Alamos National Laboratory (LANL).

RECITALS

a) On the effective date of December 21, 2005, DOE and the Contractor entered into Agreement(s) No. DE-AC52-06NA25396, or a Supplemental Agreement(s) thereto, providing for a payment cleared financing arrangement.

b) DOE requires that funds transferred to the Contractor thereunder be deposited in a Special Demand Deposit Account (hereinafter referred to as the "Account") at a financial institution covered by Department of the Treasury-approved Government deposit insurance organizations that are identified in Volume 1 TFM 6-9000.

c) The Account shall be designated "Los Alamos National Security, LLC, Los Alamos National Laboratory, Contract Number DE-AC52-06NA25396, DOE Special Bank Account."

COVENANTS

In consideration of the foregoing, and for other good and valuable considerations, it is agreed that:

(1) DOE shall have a title to the credit balance in the Account to secure the repayment of all funds transferred to the Contractor, and said title shall be superior to any lien, title, or claim of the Financial Institution or others with respect to the Account.

(2) The Financial Institution shall be bound by the provisions of said Agreement(s) between DOE and the Contractor relating to the transfer of funds into and the withdrawal of funds from the Account, which are hereby incorporated into this Agreement by reference, but the Financial Institution shall not be responsible for the application of funds withdrawn from the Account. After receipt by the Financial Institution of written directions from DOE, the Financial Institution shall act thereon and shall be under no liability to any party hereto for any action taken in accordance with the said written directions.

(3) DOE, or its authorized representatives, shall have access to financial records maintained by the Financial Institution with respect to such Account at all reasonable times and for all reasonable purposes, including, but without limitation to, the inspection or copying of such financial records and any or all memoranda, checks, payment requests, correspondence, or documents pertaining thereto. Such financial records shall be preserved by the Financial Institution for a period of six (6) years after the final payment under the Agreement.
(4) In the event of the service of any writ of attachment, levy of execution, or commencement of garnishment proceedings with respect to the Account, the Financial Institution shall promptly notify both the DOE and the Contractor as follows:

**Notices to the DOE shall be provided to:**

U.S. Department of Energy/NNSA
Financial Services Department
Albuquerque Division Services Branch
P.O. Box 5400
Albuquerque, NM 87185

**Notices to the Contractor shall be provided to:**

Los Alamos National Security, LLC
Chief Financial Officer, Mail Stop P119
P.O. Box 1663
Los Alamos, NM 87545

**Notices to the Financial Institution shall be provided to:**

Wells Fargo Bank, N.A.
Government, Education and Labor Division
550 California Street
10th Floor/A0112-102
San Francisco, CA 94104

(5) DOE shall authorize funds that shall remain available to the extent that obligations have been incurred in good faith thereunder by the Contractor to the Financial Institution for the benefit of the Account. The Financial Institution agrees to honor upon presentation for payment all payments issued by the Contractor and to restrict all withdrawals against the funds authorized to an amount sufficient to maintain the average daily account collected balance for each calendar month in a net positive position and as close to zero as administratively possible without being negative.

The Financial Institution agrees to service the Account in this manner based on the requirements and specifications contained in the Contractor’s Request for Proposal No. 55408-RFP-02, dated May 27, 2003, as amended, which is attached to and incorporated into this Agreement as Attachment A. The Financial Institution agrees that per-item costs, detailed in the form “Schedule of Services and Charges” contained in the Financial Institution’s aforesaid proposal will remain constant during the term of this Agreement.

(6) The Financial Institution shall post collateral, acceptable under United States Department of the Treasury Circular 176, with the Federal Reserve Bank in an amount sufficient to collateralize the highest balance in the Account included in this Agreement, less the Department of the Treasury-approved deposit insurance.

(7) This Agreement, with all its provisions and covenants, shall be in effect beginning on the 1st day of June, 2006, and ending on the 30th day of September, 2006 unless earlier terminated as provided in this Agreement.

The Contractor has the option to extend the term of the Agreement for up to two (2) years. This would have the agreement valid through September 30, 2008. Written notification of the option to extend will be provided by the Contractor not less than ninety (90) days prior to the expiration of the Agreement.
(8) DOE, the Contractor, or the Financial Institution may terminate this Agreement at any time within the Agreement period upon submitting written notification to the other parties one hundred eighty (180) days prior to the desired termination date. The specific provisions for operating the Account during this one hundred eighty (180) day period are contained in Covenant 11.

(9) DOE or the Contractor may terminate this Agreement at any time upon thirty (30) days' written notice to the Financial Institution if DOE or the Contractor, or both parties, find that the Financial Institution has failed to substantially perform its obligations under this Agreement or that the Financial Institution is performing its obligations in a manner that precludes administering the program in an effective and efficient manner or that precludes the effective utilization of the DOE's cash resources.

(10) Notwithstanding the provisions of Covenants 8 and 9, in the event that the Agreement between DOE and the Contractor is not renewed or is terminated, this Agreement between DOE, the Contractor, and the Financial Institution shall be terminated automatically upon the delivery of written notice to the Financial Institution by the Contractor.

(11) The Financial Institution agrees that it will at the Contractor's unilateral discretion retain the Contractor's Account in full force and effect for an additional ninety (90) day period after the expiration or termination date of this Agreement to allow the Contractor to transition services in the event of a successor. During this ninety (90) day period, DOE shall continue funding the Account in accordance with this Agreement.

Upon expiration, termination or at the conclusion of the Agreement, it is further understood that the Financial Institution shall allow for clearance of outstanding payment items:

(a) The DOE shall place on deposit in the Account sufficient funds to cover all outstanding payment items presented for payment.

(b) The Financial Institution shall maintain collateral in accordance with U.S. Department of Treasury circular 176 the highest balance in the Account, less Federal Deposit Insurance Corporation coverage on the Account.

(c) All service charges shall be consistent with the amounts reflected in this Agreement.

(d) At the conclusion of six (6) months, a complete reconciliation will be performed by the DOE, after which time an account adjustment will be made.

The Financial Institution has submitted the forms entitled "Technical Representations and Certifications," and "Schedule of Services and Charges" which are hereby incorporated by this reference as Attachment B and C respectively. In addition the "Special Financial Institution Account Agreement Statement of Work" are hereby incorporated herein as an integral part of this Agreement as Attachment D.
IN WITNESS WHEREOF the parties hereto have caused this Agreement, which consists of seven (7) pages, to be executed as of the day and year first above written.

970.5244-1 Contractor purchasing system.

As prescribed in 970.4403 insert the following clause:

CONTRACTOR PURCHASING SYSTEM (JAN 2013)

(a) General. The Contractor shall develop, implement, and maintain formal policies, practices, and procedures to be used in the award of subcontracts consistent with this clause and 48 CFR subpart 970.44. The Contractor's purchasing system and methods shall be fully documented, consistently applied, and acceptable to the Department of Energy (DOE) in accordance with 48 CFR 970.4401-1. The Contractor shall maintain file documentation which is appropriate to the value of the purchase and is adequate to establish the propriety of the transaction and the price paid. The Contractor's purchasing performance will be evaluated against such performance criteria and measures as may be set forth elsewhere in this contract. DOE reserves the right at any time to require that the Contractor submit for approval any or all purchases under this contract. The Contractor shall not purchase any item or service, the purchase of which is expressly prohibited by the written direction of DOE, and shall use such special and directed sources as may be expressly required by the DOE Contracting Officer. DOE will conduct periodic appraisals of the Contractor's management of all facets of the purchasing function, including the Contractor's compliance with its approved system and methods. Such appraisals will be performed through the conduct of Contractor Purchasing System Reviews in accordance with 48 CFR subpart 44.3, or, when approved by the Contracting Officer, through the Contractor's participation in the conduct of the Balanced Scorecard performance measurement and performance management system. The Contractor's approved purchasing system and methods shall include the requirements set forth in paragraphs (b) through (y) of this clause.
(b) Acquisition of utility services. Utility services shall be acquired in accordance with the requirements of subpart 970.41.

(c) Acquisition of Real Property. Real property shall be acquired in accordance with 48 CFR subpart 917.74.

(d) Advance Notice of Proposed Subcontract Awards. Advance notice shall be provided in accordance with 48 CFR 970.4401-3.

(e) Audit of Subcontractors.

(1) The Contractor shall provide for—

   (i) Periodic post-award audit of cost-reimbursement subcontractors at all tiers; and

   (ii) Audits, where necessary, to provide a valid basis for pre-award or cost or price analysis.

(2) Responsibility for determining the costs allowable under each cost-reimbursement subcontract remains with the contractor or next higher-tier subcontractor. The Contractor shall provide, in appropriate cases, for the timely involvement of the Contractor and the DOE Contracting Officer in resolution of subcontract cost allowability.

(3) Where audits of subcontractors at any tier are required, arrangements may be made to have the cognizant Federal agency perform the audit of the subcontract. These arrangements shall be made administratively between DOE and the other agency involved and shall provide for the cognizant agency to audit in an appropriate manner in light of the magnitude and nature of the subcontract. In no case, however, shall these arrangements preclude determination by the DOE Contracting Officer of the allowability or unallowability of subcontractor costs claimed for reimbursement by the Contractor.

(4) Allowable costs for cost reimbursable subcontracts are to be determined in accordance with the cost principles of 48 CFR part 31, appropriate for the type of organization to which the subcontract is to be awarded, as supplemented by 48 CFR part 931. Allowable costs in the purchase or transfer from contractor-affiliated sources shall be determined in accordance with 48 CFR 970.4402-3 and 48 CFR 31.205-26(e).

(f) Bonds and Insurance.

(1) The Contractor shall require performance bonds in penal amounts as set forth in 48 CFR 28.102-2(a) for all fixed-priced and unit-priced construction subcontracts in excess of $100,000. The Contractor shall consider the use of performance bonds in fixed-price non-construction subcontracts, where appropriate.

(2) For fixed-price, unit-priced and cost reimbursement construction subcontracts in excess of $100,000, a payment bond shall be obtained on Standard Form 25A modified to name the Contractor as well as the United States of America as obligees. The penal amounts shall be determined in accordance with 48 CFR 28.102-2(b).
(3) For fixed-price, unit-priced and cost-reimbursement construction subcontracts greater than $25,000, but not greater than $100,000, the Contractor shall select two or more of the payment protections at 48 CFR 28.102-1(b), giving particular consideration to the inclusion of an irrevocable letter of credit as one of the selected alternatives.

(4) A subcontractor may have more than one acceptable surety in both construction and other subcontracts, provided that in no case will the liability of any one surety exceed the maximum penal sum for which it is qualified for any one obligation. For subcontracts other than construction, a co-surety (two or more sureties together) may reinsure amounts in excess of their individual capacity, with each surety having the required underwriting capacity that appears on the list of acceptable corporate sureties.

(g) *Buy American.* The Contractor shall comply with the provisions of the Buy American Act as reflected in 48 CFR 52.225-1 and 48 CFR 52.225-9. The Contractor shall forward determinations of non-availability of individual items to the DOE Contracting Officer for approval. Items in excess of $100,000 require the prior concurrence of the Head of Contracting Activity. If, however, the Contractor has an approved purchasing system, the Head of the Contracting Activity may authorize the Contractor to make determinations of non-availability for individual items valued at $100,000 or less.

(h) *Construction and Architect-Engineer Subcontracts.*

(1) *Independent Estimates.* A detailed, independent estimate of costs shall be prepared for all construction work to be subcontracted.

(2) *Specifications.* Specifications for construction shall be prepared in accordance with the DOE publication entitled "General Design Criteria Manual."

(3) *Prevention of Conflict of Interest.*

(i) The Contractor shall not award a subcontract for construction to the architect-engineer firm or an affiliate that prepared the design. This prohibition does not preclude the award of a "turnkey" subcontract so long as the subcontractor assumes all liability for defects in design and construction and consequential damages.

(ii) The Contractor shall not award both a cost-reimbursement subcontract and a fixed-price subcontract for construction or architect-engineer services or any combination thereof to the same firm where those subcontracts will be performed at the same site.

(iii) The Contractor shall not employ the construction subcontractor or an affiliate to inspect the firm's work. The contractor shall assure that the working relationships of the construction subcontractor and the subcontractor inspecting its work and the authority of the inspector are clearly defined.

(i) *Contractor-Affiliated Sources.* Equipment, materials, supplies, or services from a contractor-affiliated source shall be purchased or transferred in accordance with 48 CFR 970.4402-3.
(j) **Contractor-Subcontractor Relationship.** The obligations of the Contractor under paragraph (a) of this clause, including the development of the purchasing system and methods, and purchases made pursuant thereto, shall not relieve the Contractor of any obligation under this contract (including, among other things, the obligation to properly supervise, administer, and coordinate the work of subcontractors). Subcontracts shall be in the name of the Contractor, and shall not bind or purport to bind the Government.

(k) **Government Property.** The Contractor shall establish and maintain a property management system that complies with criteria in 48 CFR 970.5245-1, Property, and 48 CFR 52.245-1, Government Property.

(l) **Indemnification.** Except for Price-Anderson Nuclear Hazards Indemnity, no subcontractor may be indemnified except with the prior approval of the Senior Procurement Executive.

(m) **Leasing of Motor Vehicles.** Contractors shall comply with 48 CFR subpart 8.11 and 48 CFR subpart 908.11.

(n) [Reserved]

(o) **Management, Acquisition and Use of Information Resources.** Requirements for automatic data processing resources and telecommunications facilities, services, and equipment, shall be reviewed and approved in accordance with applicable DOE Orders and regulations regarding information resources.

(p) **Priorities, Allocations and Allotments.** Priorities, allocations and allotments shall be extended to appropriate subcontracts in accordance with the clause or clauses of this contract dealing with priorities and allocations.

(q) **Purchase of Special Items.** Purchase of the following items shall be in accordance with the following provisions of 48 CFR subpart 8.5, 48 CFR subpart 908.71, Federal Management Regulation 41 CFR part 102, and the Federal Property Management Regulation 41 CFR chapter 101:

1. Motor vehicles—48 CFR 908.7101
2. Aircraft—48 CFR 908.7102
4. Alcohol—48 CFR 908.7107
5. Helium—48 CFR subpart 8.5
6. Fuels and packaged petroleum products—48 CFR 908.7109
7. Coal—48 CFR 908.7110
8. Arms and Ammunition—48 CFR 908.7111
(9) Heavy Water—48 CFR 908.7121(a)

(10) Precious Metals—48 CFR 908.7121(b)

(11) Lithium—48 CFR 908.7121(c)

(12) Products and services of the blind and severely handicapped—41 CFR 101-26.701

(13) Products made in Federal penal and correctional institutions—41 CFR 101-26.702

(r) **Purchase versus Lease Determinations.** Contractors shall determine whether required equipment and property should be purchased or leased, and establish appropriate thresholds for application of lease versus purchase determinations. Such determinations shall be made—

(1) At time of original acquisition;

(2) When lease renewals are being considered; and

(3) At other times as circumstances warrant.

(s) **Quality Assurance.** Contractors shall provide no less protection for the Government in its subcontracts than is provided in the prime contract.

(t) **Setoff of Assigned Subcontractor Proceeds.** Where a subcontractor has been permitted to assign payments to a financial institution, the assignment shall treat any right of setoff in accordance with 48 CFR 932.803.

(u) **Strategic and Critical Materials.** The Contractor may use strategic and critical materials in the National Defense Stockpile.

(v) **Termination.** When subcontracts are terminated as a result of the termination of all or a portion of this contract, the Contractor shall settle with subcontractors in conformity with the policies and principles relating to settlement of prime contracts in 48 CFR subparts 49.1, 49.2 and 49.3.
