1.0 Introduction

The Contract TBD, Federal Acquisition Regulation (FAR) Part 31, Department of Energy Acquisition Regulation (DEAR) Part 931 and DEAR 970.30 govern the allowability of personnel and other related costs incurred pursuant to the Contract. This Appendix sets forth personnel and other related policies that have cost implications under this Contract and are not covered explicitly in FAR or DEAR cost principles. This Appendix identifies those costs deemed reasonable and allowable for reimbursement when incurred in the performance of Contract work. The Contractor shall seek Contracting Officer approval prior to incurring costs not specifically identified as allowable in this Contract. The Contractor shall identify and treat all unallowable costs and directly associated unallowable costs in accordance with the criteria set forth in FAR 52.230-2, *Cost Accounting Standards*, including but not limited to placing unallowable costs in appropriate allocation bases.

The Contractor shall obtain prior Contracting Officer approval of changes within the scope of the Personnel Appendix when such changes are expected to increase costs to the Government. In situations where changes may set a precedent among the Department of Energy/National Nuclear Security Administration (DOE/NNSA) Contractors, the Contractor shall consult with the Contracting Officer regarding program cost reimbursement prior to implementation, even if there is no expected increase in cost. This requirement is not intended to prohibit the Contractor from taking advantage of efficiency gains realized from new and innovative approaches in providing Human Resource services.

The Contractor shall use effective management review procedures and internal controls to assure that the allowable costs set forth herein are not exceeded. In addition, the Contractor shall ensure that, cost items which require prior approval of the NNSA Contractor Officer or designated representative are reviewed and approved prior to incurrence of costs.

Either party may request revisions to this Appendix and both the parties agree to give consideration in good faith to any such request. When revisions to this Appendix are made, a contract modification shall be executed to effect the changes.

This Appendix is for the exclusive benefit and convenience of the parties hereto. Nothing contained herein shall be construed as granting, vesting, creating, or conferring any right of action or any other right or benefit upon past, present, or future employees of the Contractor, or upon any other third party.
